"Mind" is the subject of the Lesson-Sermon on Sunday in all branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts.

The Golden Text is from the Psalms: "O Lord, how great are thy works and thy thoughts are very deep."

A Scriptural selection in the Lesson-Sermon cites these passages from Isaiah: "Hast thou not known? hast thou not heard, that the everlasting God, the LORD, the Creator of the ends of the earth, fainteth not, neither is weary? there is no searching of his understanding. He giveth power to the faint; and to them that have no might he increaseth strength. But they that wait upon the LORD shall renew their strength; they shall mount up with wings as eagles; they shall run, and not be weary; and they shall walk, and not faint."

One of the passages from "Science and Health with Key to the Scriptures," by Mary Baker Eddy, states: "Mankind will improve through Science and Christianity. The necessity for uplifting the race is father to the fact that Mind can do it; for Mind can impart purity instead of impurity, strength instead of weakness, and health instead of disease."

Buxton to Head Building Drive

Requested by Stewart McDonald, Federal Housing Administrator, to resume his efforts as "voluntary chairman" of a Torrance Better Housing committee to sponsor revival of residential construction here, B. C. Buxton, prominent realtor, today announced his acceptance of this duty.

McDonald, in a telegram to Buxton yesterday, said, in part: "The passage of the new National Housing Act opens the way for a real residential construction program, which should carry with it a genuine business revival."

"The President asks that we request your participation as voluntary chairman to organize a Better Housing committee to immediately sponsor this revival in your community and get its full benefit immediately."

Buxton wired McDonald acceptance and is standing by awaiting further instructions.

ROAD REPORT IS AWAITED

A report from the Los Angeles city engineer as to whether the city is ready to proceed with the extension of Figueroa street between Lomita boulevard and Wilmington San Pedro road was being prepared today, upon instructions from the Los Angeles city council.

Easement deeds for public street purposes have been obtained by the county covering certain right of way, on condition that a 30-foot strip of concrete pavement be constructed without cost to the property owners, according to the board of public works.

The council's public works committee now wants to know whether the city will be needed before actual construction can be commenced, whether funds are available for the work, what type of improvement it is proposed to install at this time, and whether condemnation proceedings should be instituted.

The section between Wilmington San Pedro road is the last link necessary to extend Figueroa street as a through artery from the harbor to Los Angeles.

Merchants' Meet Stirs Optimism

(Continued from Page 1-A) beginning tomorrow night in the Civic Auditorium, appealed for contributions or "loans" to help get these community events started. The regularity of the dances, he said, will lead to increased attendance until the affairs will pay their own way. But the dances are expected to "go into the red" for the first several weeks. Vernon Coil, chairman of the Coordinating Council, under whose auspices the student hops are being held, also urged support of the effort to keep Torrance Hillman in Torrance.

Hillman Lee of the J. C. Penney Co. store outlined the plans for the forthcoming special sales event to be held here Feb. 26. More details of this merchandising feature will be published next week in The Herald. Alden Smith, optometrist and jeweler, and Ed Thompson, Chevrolet agent here and in Lomita, spoke for more optimism in the business, declaring that "things were getting better daily and there is no cause for alarm." Thompson was particularly enthusiastic in the vigorous Thompsonian manner as he pointed out that all indications point to a period of rapid business recovery "not so many days off."
