Three Girls Born at Hospital

Three attractive young ladies arrived at Torrance Memorial hospital this week and were promptly claimed by ecstatic parents. The baby girls were joined Tuesday night by a boy who was prematurely born to Mr. and Mrs. Jose Magana at their home on Carson street. The baby and his mother were rushed to the hospital for treatment, the infant's survival being doubtful. Magana is employed at the Columbia Steel's open hearth.

Mr. and Mrs. Kenneth Anders of Long Beach became the parents of a daughter Sunday; Mr. and Mrs. Lawrence Pisel, 1021 Cravens avenue, greeted a daughter Tuesday—Pisel being employed in the shipping department at Columbia Steel; and Mr. and Mrs. George Wingard of Wilmington received a daughter last Wednesday.

Club Prexy Names Two Committees

At a meeting of the Kiwanis club directors last Thursday night, President Earl Conner named two committees. The first will be the local club's international convention contact group for the meetings to be held in San Francisco June 26-30. Dean Sears, R. J. Deininger and Gaston Areq will direct local activities in connection with this event. The second group will have charge of the club's first "ladies night" entertainment, scheduled for April 18. Dr. W. I. Laughon, Jack Barrington and Leonard Young will this function.

TWO COUNCIL MEETINGS

An adjourned meeting of the city council will be held next Tuesday afternoon, March 15, at 4:45 o'clock and the next regular session will be Tuesday night, March 22.

Band to Play at Convention

The municipal band will present a concert during the state convention of the Royal Neighbors at the Civic Auditorium April 24. Members of the city council assigned the band to make this gathering on request of L. J. Gilmeister, the city's public relations adviser, Tuesday night. Afternoon and evening sessions will be held by the lodge here with between 600 and 700 delegates from 59 cities attending, it was reported.

Labor Financed "WPA" Suggested as Possibility

TOLEDO (U.P.)—Arthur G. Howard and C. L. Fling have a big idea they want approved by the workers of the nation. Both were laid off by a Toledo manufacturing. They conceived the idea of contributing a quarter or a half dollar to a fund with which labor would finance its own WPA.

"We want to find out what the working men and the employers of Toledo think of our idea," they explained. "We would like to see it tried out in Lucas county. If we succeed, the rest of the country could take it up."

They said the plan actually germinated from an incident which happened to Howard several years ago. Misfortune overtook him while he was a farmer in western New York. His neighbors planted his crop of oats.

SEEK CLASS PLAY

Members of the Narbonne senior dramatics class are reading plays which will be considered for their class production.

GAUCHOS HOLD POSES

Yesterday was "Picture Day" at Narbonne high school as photos were taken of all student groups for the school annual.

Rain Garb for Crossing Guards

Smelling like the New England fish wharves they typify, a dozen new bright yellow rain slickers and So-wester hats are now available at the police station for the use of WPA school crossing guards.

The rain-shedders were received here too late to serve during last week's torrential downpour but they were "baptized" during Tuesday morning's shower and hail storm.

U. S. C. Scholarships Are Announced

Thirty-five tuition scholarships for high school and junior college students throughout the United States have been announced for 1938-39 at the University of Southern California.

The awards cover tuition costs of \$285 for the freshman year of 25 graduates of high schools with enrollment of more than 200 students. Ten scholarships are also given to graduates of accredited junior colleges.

All applications must be filed before April 15, with the scholarships to be awarded on or before June 1. Applicants must stand in the highest tenth of their class in scholastic achievement and must have the recommendation of their principal. They must also graduate either in February or June of the current year.

BOOSTERS TO MEET

Several Torrance residents will attend the meeting of the Harbor District Chambers of Commerce tonight at Firestone Park near South Gate.

ELECTION RESOLUTION

A resolution announcing the city election April 12, listing the precincts and election officials was passed by the city council Tuesday night. It is published elsewhere in this edition.

Suggesting: Lamb Chops with Fruit

Loin lamb chops with pears tinted red carry out attractive color scheme for special dinners.

Residents Honored At Golden Wedding

(Continued from Page 1-A)

Stockton one year. They settled in Torrance when this city was just beginning to emerge from surrounding bean fields.

Mrs. M. E. Klimm, a daughter who resides at 1952 1/2 Plaza del Amo, had charge of the dinner arrangements last night. She has two children, Carl and Jeanne Voltz. Carl is father of little Bobbie Rae. Howard Webb, who resides with his sister, has two daughters, Doris and Dorothy. Son Leon lives with his parents and Leonard, the third son, lives in Lomita with his wife and son, Earl.

FRANCHISE PAYMENT

A check for \$1,056.27 was received this week from the Southern California Edison for the city franchise. City Clerk A. H. Bartlett told the city council Tuesday night.

The loin lamb chops pictured above are served with pears tinted red. This platter, decorated with fresh mint and served with new green peas and Parkhouse rolls, is sure to please that very special guest.

Lamb chops, like beef steaks, are better for broiling when cut thick, so when you want to make a very favorable impression, Inez S. Willson, home economist, suggests that you choose double lamb chops. Thoroughly pre-heat the broiling oven with the regulator set at "high." Place the thick chops on the broiler rack so that there is a distance of about three inches between the top of the chops and the flame or heating element. This distance insures the chops from too rapid browning. If the distance must be less, reduce the temperature accordingly.

When the chops are nicely browned on one side, season them with salt and pepper, turn and finish the cooking on the second side. Always serve broiled lamb chops very hot, so serve them immediately when the broiling is completed. The pears are tinted by reheating them in syrup to which red fruit coloring or red cinnamon candies have been added.

"DOC" HILL ENTERS RACE

(Continued from Page 1-A)

working man himself, he knows how the average working man looks on city government and feels about its policies. He believes he can work with the present or future administration for the betterment of the city as a whole.

"No Axe to Grind"

"I have made no promises that I will turn the town upside down if I am elected but I will do everything I can to help the city to be clean and decent and a place desired for people to rear their children," Hill said. "Taxes are a problem for all small towns but with our industries, Torrance should not remain a small city and neither should our taxes be a problem."

"I have no axe to grind but I have an earnest desire to serve the majority of Torrance citizens to the best of my knowledge and ability."

LOMITA WATER PURE

Lomita schools received word yesterday that water mains serving the institutions were now carrying pure, uncontaminated water. Following the flood, the board of education had recommended the use of boiled water.

Well, Folks: Listen:

• There is going to be a lot of men to choose from in the coming city election. If you had a \$23,000,000.00 corporation to manage which 2 men would you choose?

Now, in choosing paint for your house, of course you would choose a paint that has been tried for 70 years. Its name is SHERWIN-WILLIAMS, who makes paint and varnish for every purpose and it stands the Test of Time!

If Worrell doesn't have it in Hardware it can't be had in Torrance! GARDEN and LAWN SEED, GARDEN TOOLS, GLASS CUT TO MEASURE!

• It's here to save your life! Just look at the row upon row of never-ending spiral bars in this new Life-Saver Tread. Then you'll understand why it acts like a battery of windshield wipers, sweeps the water right and left, forces it out through the deep grooves, making a DRY TRACK for the rubber to grip. That's why the new Goodrich Safety Silvertown will stop you quicker, safer—on a wet pavement—than any tire has ever stopped you before!

And, adding one safety feature to another, this new Silvertown is also the only tire that gives you the Golden Ply—the famous Goodrich invention that resists the terrific blowout-causing heat generated inside all tires by today's high speeds—protects you against those high-speed blow-outs.

NO EXTRA COST

Remember, many tires cost more than Silvertowns; but no other tire—at any price—can give you this two-way protection against skids and blow-outs. Unless you make your next tires Silvertowns, you'll be cheating yourself and your family out of the greatest tire safety ever offered. See us before it's too late.

OUR SHIPMENT OF THESE NEW GOODRICH SILVERTOWNS HAS ARRIVED...COME IN FOR A FREE DEMONSTRATION AND GET THE MOTORING THRILL OF A LIFETIME
