Zamperini Wins Mile Easily at L. B. Relays

Gets 5 Points On Massive Gold Trophy

Driving away with plenty Driving away with plenty of reserve, Loule Zamperini, Torrance ace trackster, won the W. R. Martin Invitational mile event at the 20th annual Long Beach Relays in 4:23.3 last Saturday and staggered off the field at the close of the track festival, lugging the largest trophy he has yet to win in sports competition.

Sjanding 42 inches high on a two by three foot mahogany base, the award is a real work of casting art. Shining in its gold plate and skillfully modeled figures, it will be placed on display in one of the Sam Levy Department store windows next week.

Zamperini will have possession of the trophy until the Relays are run next year when it will go to the winner of the feature mile race.

Works Out Afterward

Louie started with 10 other milers after once deciding not to enter the event. He went to the starting line after Relay officials had told him that he was needed to "save the event" because of the failure of the headliners from northern schools and athletic clubs to appear on account of the weather conditions.

He was fresh enough at the finish to remain after the event was over and the small number of spectators had left the field to take a brief workout on the track. Zamperin's chief contenders in the mile, in addition to Wall, were Paul Van Alstine, U.C.L.A., and a runner from Modesto Junior college. Scheduled to run the 880, in a 4-man 2-mile relay, Zamperin; pulled out of that event to concentrate on the mile. In winning the latter event, he gained five points on the huge Martin trophy which will be permanently awarded to the athlete accumulating the most points in three years' Long Beach Relay mile competition.
