The Torch of Knowledge Still Burns

To live in America where knowledge is still honored is a positive privilege, says Sir Arthur Salter, left, former Oxford professor, at the presentation of an honorary doctor of laws degree to Mrs. Mac-Trest-Everton at recent 10th annual University of California Charter Day exercises. The light of knowledge and culture in Europe and other parts of the world is being crushed out, civilization is reeling backward, Sir Arthur commented on current world affairs.

DETOUR

Col'm Under Construction
By BETSY BYRNES

"Work is my recreation, the play of faculty; a delight like that which a bird feels in flying, or a fish in darting through the water, Nothing more."

—Longfellow.

We wonder how many of you readers subscribe to the above sentiments? Read the lines over a second time. They're good.

QUESTIONS

We haven't given you any words to pronounce for some time. Try these: Positively, research, robust, contrary.

And how many of the following words are misspelled? Forehead, chaparrone, intercede, overun, nucleus, shriek, soliloquy.

Where are the Canary Islands?

TODAY'S PROVERB

"The surest proof of being endowed with noble qualities is to be free from envy."

—La Rochefoucauld.

ANSWERS

If you rated 100 percent on your pronunciations, you said POS-itive, accenting the first syllable, but you said RESEARCH and re-BUST, accenting the last syllable of those two words, and you pronounced contrary CON-trary, with the accent on the first syllable, in spite of the pronunciation you learned when you repeated the nursery rhyme, "Miss Mary,

quite con-TRARY," which is incorrect!

Six of the seven words are misspelled. Nucleus is the only one spelled correctly.

The Canary Islands are in the Atlantic Ocean, off the northwest coast of Africa. There are, in the group, seven inhabited islands and six islets, which are uninhabited. They belong to Spain. The leading occupation, as one might guess, is fishing. Bananas, tomatoes, and potatoes are exported from there. A wonder how long you'll remember all that information?

ADIOS

Longfellow is a fine poet, so let's sign off with two more lines of his.

"Take the Sunday with you through the week,

And sweeten with it all the other days."
