## Travel Tickets At Beacon Drug

Tickets to vacation land anywhere in the United States or Canada, via the comfortable, cool, clean and convenient Greyhound or Union Pacific bus lines, may be obtained right here in Torrance at the Beacon Drug company.

Leslie Prince, owner-manager, is an authorized agent for bus or plane passage and Catalina Island trips. He points out that purchasers of travel tickets from the Beacon Drug company here save the cost of transportation to Los Angeles because the rate from Torrance to any place in the U. S. or Canada is the same as in Los Angeles.

Prince is agent for the only bus route operating here. Support of this convenient travel center is necessary in order to keep the service in Torrance. Travel Salesman Prince points out that the demand for tickets here is increasing, indicating that many local residents are taking advantage of the home facilities to map out their vacation plans.

The Herald—3 months, 50 cents.

## Long Beach 'Y' Has Special Attractions

The health education department of the Long Beach Y. W. C. A. announces a special summer sale rate for tennis, tap dancing, and swimming lessons open to all girls from 8 to 14 years of age. The classes will begin July 13, following the close of the regular term.

The classes will be every Monday, Wednesday and Friday morning until Aug. 3, and are planned for the purpose of introducing the department to those who have not yet discovered its advantages. The free health examination required will be given by appointment on Monday, July 11, at 9 a. m. Each child is to bring her own bathing suit, towel and cap. "Everyone a Swimmer" is the slogan this summer of the Y. W. C. A., where many new classes are being formed in order that both adults and children may be afforded an opportunity for healthful exercise and recreation. Classes in swimming and tennis are arranged to meet individual needs.

It pays to advertise in The Herald.

## In Reach of All!

The road that runs by your door has a thousand terminations at as many ideal vacation sites, all of which invite the automobile owner and his family to carefree relaxation and wholehearted enjoyment of their vacation time. Week-ends and spare hours during the approaching season. And thousands will respond to this "Call of the Open Road" with camping equipment packed, fishing tackle assembled, picnics prepared or beach umbrella folded, according to E. E. Murchison, local manager of Western Auto Supply company.

Many and varied are the factors that influence the outdoor lover in his choice of a recreation spot and a few are shown here.

Trees of a hundred different varieties filter sunshine on camping sites all over the West, their spreading branches extending an irresistible invitation.

## New Controls on All-Year Highway

New controls are now in effect on the Merced All Year highways to Yosemite. The controls, between Bryceburg and Indian Flats, are now every hour from 7 a. m. to 8 p. m. for inbound traffic and every hour from 7:30 a. m. to 7 p. m. for outbound travel.

**CATALINA FISHING GOOD**  
Live bait boats fishing Catalina waters report good catches of barracuda and yellowtail, and a few tuna. Barracuda are averaging 6 pounds, while tuna run from 16 to 42.

## 13 Millions in Federal Funds For State Roads

About \$13,500,000 of the appropriation of federal funds for aid to the states in highway work during 1940 and 1941 will come to California. The measure was recently signed by the President.

California's share for regular federal aid highways will be about \$3,708,000 in 1940 and \$4,470,000 for 1941. The 1940 allotment is about \$1,000,000 less than the present annual amount, instead of the \$2,000,000 cut once threatened. The 1941 allotment is close to the current figure.

In addition, California will receive \$583,000 each of the two years for secondary or "farm to market" roads; \$750,000 in 1940 and \$1,166,000 in 1941 for assistance in grade crossing elimination; and \$1,400,000 in 1940 and \$1,900,000 in 1941 for national forest highways, roads and trails.

## 'Mouse Roulette' Is Latest Game

OAKLAND (U.P.)—"Mouse roulette" has been introduced here. A mouse is dropped thru a hole in a glass covered roulette wheel where it scampers around the spinning wheel until it finally takes refuge in one of the slots which becomes the winning number. The game is tough on the mouse, sport for the players and pays 50 to 1 for the lucky player.

## CLAIM MEN 'SET' GRASS FIRE HERE

Two men riding in a blue sedan were reported to have touched a match to a clump of dry grass at 203rd and Cedar street last Thursday afternoon and then drove off at a high rate of speed before an observer could obtain the car's license number.

The resultant blaze gave the fire department considerable difficulty before it was extinguished without damage to nearby structures. The fire was deliberately set, according to information given the fire department.

## VISIT ANCIENT TAOS

Motorists driving the Santa Fe trail through New Mexico will be interested to know that the optional scenic route between Santa Fe and Raton, via Taos, is 15 miles shorter than U. S. 85, but takes one-half hour longer to drive. This picturesque route is cooler in summer and offers the tourist a view of one of the most beautiful and fertile valleys in New Mexico.

## TUBE CHANGE ADVISED

Demonstrating to pretty Astrid Erickson the danger of using worn inner tubes in new tires, this Western Auto salesman reminds her that tire savings effected by purchasing a Western Giant tire during his firm's Mid-Season Sale will practically buy the added safety and economy of new tubes. The Sale closes Saturday, July 2nd, according to the local manager.

He passed out

C O L D

An enthusiast who walked out yesterday, in one of our New Palm Beach Suits, told us . . . with considerable joy, that he "came in hot . . . and passed out cold." We think he exaggerated a bit . . . but . . .

Changing over from an ordinary suit to the new Palm Beach is a refreshing experience on a hot day . . . and one you ought to try, on your way to the office.

**PALM BEACH**

In the new Towne Tones . . . white, blue, gray and brown . . . are the smartest washable business suits you've ever seen . . . And what a value at . . .
