While activity continues around the Blue Bell Oil's wildcat on 241st street, no one around the site would hazard a report on recent findings or what the firm's intentions are. The last report was that the operators were plugging back after drilling to 5,240 feet and encountering only barren gray sand.

Andrews and Mitchell are preparing to deepen W. A. Kirk No. 10 west of Eshelman and north of 235th street. G. P. Completing Well

Rolling Hills Petroleum is reported to have struck oil sand and shale at 5,105 feet in its wildcat, Weston No. 1 near Walteria, and is preparing to set casing at 5,050 feet at which depth first showings were noticed.

General Petroleum obtained a water shutoff early this week on its Poggi No. 9 in the Harbor City extension and is getting ready to undertake its completion. This well is located north of the D and B. The Poggi No. 9 was drilled to 5,426 feet, found minor showings, plugged back to 5,280—one mile deep—and made the shutoff at 5,120 feet. Production will be attempted between the two latter depths.

## Sears Return from Rail-Motor Trip

Mr. and Mrs. Dean Sears returned early this week from a combined rail and motor trip that took them as far east as Lansing, Mich., where they took delivery on a new car. The return trip, 3,475 miles was by way of Kansas, and then north to the tip of Minnesota and west thru the Bad Lands of South Dakota to Yellowstone National Park. The only warm weather the Sears encountered was at Boulder Dam.

## BOYS STAR IN SEA FILM

"Lord Jeff," dramatic story of the training of boys for Britain's future Merchant Marine, introduces Freddie Bartholomew and Mickey Rooney, companions in "Captains Courageous" and "The Devil is a Sissy," in entertainingly new characterizations at the Plaza theatre in Hawthorne starting Sunday.

Freddie portrays a boy, represented as a scion of nobility by crooks, who finds regeneration and a new destiny when sent to the English training school, part of the Barnardo Homes institution in England. Mickey is a student petty officer, first Freddie's nemesis, later his friend. Sam Wood, who directed "Navy Blue and Gold," directed the new picture with rare skill.

The desperate fight between the two boys, the great boat race, the mast-climbing contests and other nautical school thrills mingle with human and dramatic touches. Settings are authentic and elaborate.

Players, aside from several hundred boys playing students, include Charles Coburn, Herbert Mundin, Gale Sondergaard, Terry Kilburn, Peter Lawford, Walter Tetley, and others.

## Evening School Starts Sept. 12

self more efficient at his work, or whether he seeks recreational outlets, he will find the adult evening school presenting many worthwhile opportunities," Fitzgerald said.

A choice of courses is available in such widely varying subjects as arts and crafts, physical education, dressmaking and sewing, shorthand and typing, bookkeeping, orchestra and general shop work. Registration will continue thru the week of Sept. 12. School sessions will be held Monday and Wednesday evenings from 7 to 9 o'clock. Schedules are ready for distribution and information may be obtained during the day or at night by calling at the high school office.

## Four Babies Born Here During Week

Four babies were born at Torrance Memorial hospital during the past week. Two of them, a boy and a girl, are named Allen—but they are not twins nor are they related.

A son was born to Mr. and Mrs. B. L. Allen of 2721 West Carson street last Friday and on Tuesday a daughter was welcomed by Mr. and Mrs. J. J. Allen of Redondo Beach. Father Allen of this city works in the welding department at the National Supply company.

A son was born to Mr. and Mrs. R. H. Montague, 1516 214th street last Saturday—Montague is employed at the Torrance Sheet Metal shop. Mr. and Mrs. L. E. Manning of Long Beach claimed a son last Thursday.

Mrs. Maude McNeil and son Sammy, 2414 229th street, recently returned from Yellowstone National Park.

Mrs. Carrie Parks and Velma Van Ardele visited over the week-end and Labor Day at Big Bear.

## "PORT OF SEVEN SEAS" AT PLAZA

Frank Morgan, Wallace Beery and Maureen O'Sullivan are featured in "Port of Seven Seas," romantic drama now showing at the Plaza theatre in Hawthorne.

## THEY GO TO SEA TO LEARN

Mickey Rooney and Freddie Bartholomew in "Lord Jeff" are opening Sunday at the Torrance theatre. This is a gripping story of the training of British boys for the Merchant Marine.

## Gertrude Lawrence Stars in "Susan and God" at Biltmore Soon

The distinguished international stage star, Gertrude Lawrence, will begin a limited engagement in Rachel Crother's brilliant comedy "Susan and God" at the Biltmore theatre, Los Angeles, Monday evening, Sept. 12, for three weeks only.

John Golden, the producer of "Susan and God," is making theatrical history by sending the entire company intact direct from the Plymouth theatre in New York, where it established the season's record longevity run, to Los Angeles. Miss Lawrence has long been considered one of the finest actresses in both America and England. Her splendid portrayal of Susan Trexel, who returns from England imbued with a new religious fervor which threatens to disrupt the lives of her friends and associates, just as her other fads have disrupted her own home, driving her husband Barrie to drink and shunting her adolescent daughter Blossom away to boarding school. In the end, of course, Susan discovers that through religion is love, and the Trexel family is reunited.

It is generally conceded that, as Susan, Miss Lawrence is doing the best work of her career. Miss Lawrence will not appear anywhere else in Southern California, her Coast engagements being confined to Los Angeles and San Francisco. Because of this, large patronage is expected from the surrounding territory, and the Biltmore theatre has made special arrangements to take care of many orders from outlying points and to provide suitable reservations for visitors from outside the city.

Mrs. C. D. Lowen, 904 Beech avenue, left late last week for Washington, D. C., where she was called because of the serious illness of her father.

## VIVID DRAMA OPENS TONITE

Hollywood, which has searched the world over for novel and interesting backgrounds, brings a new setting to the screen in "Port of Seven Seas," opening tonight at the Torrance theatre, for this picture has the colorful and unusual French seaport of Marseilles as its locale.

Wallace Beery, in a role arresting different from his more recent "bad man" portrayals, stars in the new drama as the rough but tender-hearted owner of a waterfront cafe and the distinguished supporting cast features the inimitable Frank Morgan and Maureen O'Sullivan.

"Port of Seven Seas" revolves about the love of Madelon (Maureen O'Sullivan) for Marius (John Beal), who leaves the girl behind him when he no longer is able to restrain his longing to sail away to the faraway places he has always dreamed of. During his absence Madelon becomes betrothed to the wealthy Panisse (Frank Morgan), and it is this complication which Marius faces when he returns from the sea. Cesar (Wallace Beery), owner of the marine bar and father of Marius, unearths a rough but practical philosophy which guides the various protagonists of the drama to their respective destinies.

Mrs. J. O. Bishop, 2021 Carson street, who recently underwent a major operation at Clara Barton hospital in Hollywood, is doing nicely.

Mr. and Mrs. Casper Clemmer, 2318 Torrance boulevard, made a trip to Owens Valley over the week-end and Labor Day holiday.

Mrs. V. Tetrick and son Marvin have returned from a visit with friends in Whittier.

## Clean Buildings, Clean Cities, Clean Fuel!

ARCHITECT OF THE FAMOUS SANTA BARBARA COURTHOUSE—ONE OF THE MOST BEAUTIFUL PUBLIC BUILDINGS IN AMERICA. CLEANLINESS IS CHARACTERISTIC OF NATURAL GAS CITIES BECAUSE THE AIR ITSELF IS CLEAN

Southern California—land of inviting climate, beautiful scenery and clean cities! Visitors from other regions often comment on the delightful freedom from soot. Even in commercial districts, practically all chimneys are smokeless—for most factories (and homes, too) use natural gas. It burns clean. In addition, it does its work supremely well and furnishes quick, high controllable energy at small cost. To get best results in home or factory, use gas equipment that includes the marvelous new labor-saving and fuel-saving improvements. See a dealer or the gas company. Inquire about the very convenient terms. SOUTHERN CALIFORNIA GAS COMPANY
