

## Levy's Has New Type Dress Slip

Well-dressed Torrance women are discovering the Mary Barron Blaisdell slip is the complete solution of fundamental grooming and that it eliminates "slip consciousness." This new type garment is now on sale at Sam Levy's Department store and a demonstration there of its straight cut, yet flexible qualities convinces all women of its superiority.

The Mary Barron slip is based on fundamentally sound dress-making principles. It is the outgrowth of a design by a dress-maker of many years' experience. The Mary Barron slip is cut in practically one piece of material regardless of the waste this entails. Its patterns are built to fit the figure, not the fabric, with a bias sewn seam in the back for extra "give" and wear.

Sales people at Levy's will be glad to demonstrate the garment's unusual qualities and sizes range from 30 to 52 in short, medium and long lengths and according to brassiere measurements. Only standard materials are used.

**SUBSTANTIAL MAJORITY**  
I wish to thank the people of Torrance and vicinity through the columns of your paper for the fine support given my campaign for re-election to the office of Justice of Peace.

The substantial majority given me in Torrance was particularly satisfying. Apparently I carried every precinct in the Township. My home precinct recorded an almost five to one majority and other precincts in the old Gardena Township went as high as eight to one.

Thanking you for this and the many other courtesies extended during the campaign, I am,

Very sincerely yours,

## Homes May be Enlarged with FHA Loans Here

"Torrance, as a normal community, has its hundreds of high school students sharing rooms with younger brothers or sisters who would welcome a room or study place of their own," Mayor W. H. Tolson, chairman of the Better Housing committee here, said this week.

"Many old homes have ample space which could be very easily converted into the additional room necessary to give both children a quiet place in which to study at a comparatively small cost," Mayor Tolson said.

"Thru the F.H.A. insured loan plan, one may obtain funds thru some local lending institution for these purposes. This enables the borrower to pay cash for materials and labor, and enjoy the added comfort of the extra conveniences while repaying the loan to the lending agency on the easy, monthly-payment plan."
