

Spare the Light

AND YOU MAY SPOIL THE SIGHT

WILL THEY BE "EYE-CRIPPLES"?... There are few things more tragic than a child with defective vision, because it is often a needless handicap. In many cases adequate light would have kept the child's eyes strong and keen. Good light... safe light... costs so little and means so much. Your children will have a happier, better life if you safeguard their eyes now—with adequate light at home.

GIVE THEM APPROVED LIGHTING... Give your children an approved study and reading lamp for safety. Look for the lamp with the special diffusing bowl under the shade. At all dealers.

FIRST CHURCH OF CHRIST, SCIENTIST
1208 El Prado.

Sunday morning services—at 11. Sunday school, 9:30. Wednesday evening meeting, 8 p. m. Reading room in church edifice. "I will restore health unto thee, and I will heal thee of thy wounds, saith the Lord." This passage from Jeremiah is the Golden Text of the Christian Science Lesson-Sermon on Sunday in all Churches of Christ, Scientist. The question "Are Sin, Disease, and Death Real?" is the subject of the Lesson-Sermon.

One of the Bible selections included the verses from Luke: "And behold, men brought in a bed a man which was taken with a palsy: ... And when he saw their faith, he said unto him, Man, thy sins are forgiven thee. ... What reason ye in your hearts? Whether is easier, to say, Thy sins be forgiven thee; or to say, Rise up and walk? But that ye may know that the Son of man hath power upon earth to forgive sins, (he said unto the sick of the palsy,) I say unto thee, Arise, and take up thy couch, and go into thine house. And immediately he rose up before them, and took up that whereon he lay, and departed to his own house, glorifying God." The Lesson-Sermon presents also these words from "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "The supremacy of Spirit was the foundation on which Jesus built. ... Jesus established in the Christian era the precedent for all Christianity, theology, and healing."

FOUR SQUARE GOSPEL
Tent on Cabrillo avenue, Rev. and Mrs. M. E. Nicholls, pastors. Sunday school, 9:30 a. m. Morning worship, 11 a. m. Young people's meeting, 6:30 p. m. Evangelistic service, 7:30 p. m. Rev. Ben Smith speaking. Services every night except Monday at 7:45 p. m.

The Herald—50c for three months.

Coadjutor

Rev. Karl Morgan Block of St. Louis was consecrated Episcopal Bishop Coadjutor of California. He is slated to become bishop upon retirement of Rt. Rev. Edward L. Parsons in 1940.

Original Trial Drama Sunday At Local Church

"Trial of Parents," an original dramatic courtroom presentation by Rev. Frank T. Porter, will have its premier performance at the First Christian church Sunday night at 7 o'clock. The moral behind the action is that when children go wrong the cause may usually be traced to parents. Rev. Porter has obtained Judge Frank Carrell of the Inglewood Justice court to serve as presiding magistrate while City Attorney John E. McCall will be prosecuting attorney and Judge C. T. Rippey will appear as defense counsel. All residents of Torrance and vicinity are invited to attend the "trial."

Rev. Marshall to Be Union Speaker

Union services will be held at the Methodist church Sunday night with Rev. Thomas Marshall of the Episcopal church as speaker. The Methodist church and the Central Evangelical quartet will provide the music.

New Pipe Lines in Lomita After Dec. 1

Construction of new pipe lines for the 200 new homes recently added to county water district No. 13, Lomita, through annexation, will not begin until after the first of the year. R. E. Shonerd, chief county electrical engineer, announced this week. Much of the work then will be done by WPA labor, Shonerd said. Plans for a complete new water system in the district, including a reservoir on the hill above 263rd street, have been perfected by his department, Shonerd announced.

TORRANCE HIGH LIGHTS... by Harvey Abramson

RADIO CLUB OUTING... Nineteen members and guests of the Radio club spent last Saturday at Mr. Waddingham's home in Manhattan Beach. While some of the members were swimming or playing games, others operated Waddingham's 160 and 20 meter transmitters. They were able to make contact with other radio "hams" in Washington and several mid-western states.

CRIME TALK... Last Monday, students heard R. W. "Razor" Fenton, who was a criminal for 23 years, speak on "Why Crime Doesn't Pay." He spent 15 years in prison and saw the futility of crime. For the past 16 years he has been talking to young people.

G.A.A. MAKES PLANS... Cabinet members of the girls' athletic association recently enjoyed the hospitality of Miss Duncan at her beautiful Redondo Beach residence. After a refreshing swim in the ocean, a board meeting was held and the girls got down to business on plans for entertainments and sports events.

New sweaters, songs and yells will add vim and vigor to the organization and make Torrance high "G. A. A. conscious." The girls plan to undertake several projects for improvement of the gym and the girls' field. It is their hope that the G.A.A. may come to stand for more than just an athletic organization, and be of valuable service to the school and community.

The business session was followed by a hot lunch consisting of buns, wienies and all the "fixins." The guests of Miss Duncan were: Marion Spehger, Evelyn Vincent, Cord Lindeman, Merle McHenry, Joan Ramskill, Marjorie Page, Jane Chandler, Georgina Tiffany, Lucille Acree, Virginia Traller and Norrine Schroeder.

ALUMNI FLASH... Paul Harestad, former T.H.S. student and track man, is now state champion Class C bicycle racer for the 1,000 meters. Paul won this title last Sunday against some of the best amateur riders in the country in the fast time of 14 seconds.

OBITUARY

WILLIAM SPANN... Lomita resident at 1733 254th street, passed away last Thursday at the Torrance Memorial hospital at the age of 75 years. He was a native of Godsten, Tenn., who came to California in 1922. His widow, Mrs. Maria Spann, survives him. Funeral services were conducted Monday at the Gumbly Mortuary in Lomita, followed by interment at Inglewood Park cemetery.

MRS. CHARLOTTE LENA COWDER... who was slain Oct. 5 by Fred Aldridge, who afterwards committed suicide, was buried Monday morning at San Gabriel following funeral service at Stone and Myers' chapel. Rev. Frank T. Porter of the First Christian church, officiated. No arrangements have been made for the funeral of Mr. Aldridge as yet, according to the local mortuary.

Townsend Club Activities

Mrs. Beth Paige
We hope that our friends will patronize the turkey dinner the 17th District Townsend clubs are giving next Thursday evening at 6 o'clock in the Civic Auditorium. Tickets are 50 cents. The Torrance Municipal band will play at intervals during the dinner and present a short concert after which Townsend party candidates will speak.

Among the speakers expected to attend are Sheridan Downey, Democratic candidate for governor; Fred C. Wagner, Townsend candidate for congressman, and Pierson M. Hall. The Torrance Townsend club will be host to this gathering and Mayor William H. Tolson will preside. Mrs. Laura Davis will be in charge of the hostess and reception group.

Five Patients Enter Hospital

Five new patients were received during the past week at Torrance Memorial hospital. Carl M. Anderson of Redondo Beach entered Sunday for medical care. Mrs. Eleanor Juhasz, 721-C Sunset Court, began medical treatment Monday. Mrs. Rose McCracken, 1826 Date street, applied Sunday for surgery. Mrs. Cora Mertz, Hermosa Beach, was bedded for observation yesterday, and Mrs. Love Miller of Redondo Beach entered for surgery on Monday.

OIL PRODUCTS LEAD IN L. A. HARBOR TONNAGE

A significant indication of the importance of petroleum (one of this city's chief products) to the trade and commerce of California and the West may be found in a brief study of Los Angeles Harbor shipments and receipts during the 18 years beginning Jan. 1, 1920, and ending Dec. 31, 1937. In this period the total tonnage handled through the port was 339,823,000, of which 266,302,000 tons—or 78.4 percent of the total was petroleum and its products.

Present petroleum trade thru the harbor is still considerably below the 1924 peak, but that it has consistently maintained its high ratio to the total commerce during the depression years is evident in the fact that for the past seven years petroleum products have constituted 78.7 percent of the entire tonnage. The value of the petroleum tonnage for the 18 years under consideration amounted to \$2,885,294,000. In wharfage charges alone the petroleum industry has paid over \$500,000 a year, almost 60 percent of the total harbor revenue. Some conception of the growth in petroleum trade and commerce through the Port may be gathered from the additional facts that in 1920 shipments and receipts totaled only 2,146,000 tons.

Good For and Good To
In 1924, five years later, they reached the high for the period, 21,739,000 tons, and for the succeeding 13 years have averaged 17,017,000 tons annually.

The industry thus makes contribution to the economic stability of the West, and is a pertinent

ent factor in the general welfare of the people.

Torrance's share in this contribution is a major one. Thus it can be seen that this city, located but seven miles from the Harbor, both gains from and adds to the shipping there.

The Port is good for Torrance and Torrance is good for the Port. Not only are its oil products shipped from the harbor but also many thousands of dollars worth of other products made here.

In turn, local industries receive much of their raw materials from ships docking at the Harbor.

Business Law Class Needs Students

An unusual opportunity for valuable instruction in commercial and business law and public speaking may be withdrawn at Torrance Evening high school if more local residents do not enroll for the free class that meets every Monday and Wednesday night from 6:30 to 9:30 p. m.

William Price is the instructor. He has only a small group studying now and unless more enroll the class may be discontinued. The subjects are said to be exceptionally well presented and should attract greater attention among business men and women of this city.

Church Gains in Africa
VATICAN CITY (U.P.)—There are today nearly 7,000,000 Roman Catholics in sparsely populated Africa.
