For months members of the Torrance police department boasted of their smooth bowling team—according to the firemen. Last night the smoke-eaters gave the coppers a bowling lesson—according to the firemen. The score was: Police, 2,273; Firemen, 2,622—according to the firemen. Officer Tom Perkin was high man for the police team with a 504—according to the firemen. There was no outstanding men for the winners—they were all plenty good—according to the firemen.

Old Kansas Town Loses Another Link to Past

ATCHISON, Kas. (U.P.)—Another link with the days when Atchison was an outpost of civilization was severed with the death of D. N. Wheeler. Mrs. Wheeler was 99 when she died. She was born in Chautauqua, N. Y., and came west with her husband—one of the builders of the Union Pacific Railroad. She met President Grant when the railroad celebrated its completion at North Platte, Neb.

Townsend Club Activities Mrs. Both Paige

Every member should get back to the Townsend hall tonight because vacations are over! An interesting letter from Glen Wilson, organizer, was read at last meeting; and that, with the resume in the Townsend week of the election effects over the nation at large, certainly gave cause for pride.

A strong Townsend bloc in the Senate and over 150 in the Congress shows up as a result of hard work by our members. Seven states have joined with those already classed as sending to Congress delegations which are 100% for the Townsend Plan.

Mr. and Mrs. Fred Wagner and friends are expected tonight. His club served a fine turkey dinner Sunday and we hear a lot of complimentary remarks about it from those of our club who attended, among them Mr. and Mrs. Glidden and Mrs. Laura Davis, Mrs. Albert Bouldin and others.

Zamperini Turns Down Race Bid in Sugar Bowl

Invited to compete against Charlie Fenske and Archie San Romani in a special mile race at the Sugar Bowl game in New Orleans, Jan. 1, Louis Zamperini was forced to decline the bid this week because he is working at a motion picture studio to obtain funds to continue his studies at U.S.C.

Zamperini has also been invited to compete in the New York City indoor track meet in February but has not decided on his plans that far ahead.

Brakes Off, One Mishap, Brakes On, 2d Accident

WABASH, Ind. (U.P.)—"What good are brakes?" Fay King asked himself. While backing his truck down a slight incline the brakes failed. The truck upset, burying him up to his neck in a ton of beans. After digging himself out he went home, got his own car to return to the scene of the accident. He applied the brakes too fast, going around a corner and wrecked that car.
