MOTOR TESTS AT DUNHAM'S

Motorists who are dissatisfied with daily performance of their cars will have a chance this week to find out what is wrong with their motors, says Charles Dunham, of Dunham's Service and Garage, 1409 Carson street, where a new testing machine will be in action.

The motor dynamometer which will be used at Dunham's today, Friday and Saturday, under expert charge of an engineer of the Ethyl Corporation, is one of two of this type of machine now on the Pacific Coast. The purpose of the demonstration is to show actual conditions of a car operating under road conditions. Various instruments give an accurate reading of horsepower, fuel consumption, torque pull and all other conditions of a car's performance under actual road and operating conditions.

No charge is made for the test, and Dunham invites all car owners and operators to drive in to his station for a check-up. About 30 minutes is required to make a complete test.

Two Escape Grave Hurts In Auto Smash

Two persons were slightly injured last Sunday night in an automobile accident at Highway 101 and Hillworth avenue. Miss Jackie Smith, 28, Los Angeles, was driving with Tony Lagaw, also 28 and of Los Angeles, as passenger when lights of an oncoming car blinded her.

She drove her machine at a high rate of speed into the left shoulder off the highway's pavement and the car turned over several times. Miss Smith was treated for numerous cuts, bruises and lacerations at a bruised right shoulder at Torrance Memorial hospital.

War Too Ghastly for Nations to Risk-Shaw

There is not the least chance of a world war happening in the near future. That is the firm belief of George Bernard Shaw, distinguished dramatist and author, revealed in an interview with his friend W. K. Titterton for the current Rotarian magazine. If there were, it would have happened in September, 1938, when there was more inflammatory talk and even feeling than there ever was from the Agadir incident to the bombardment of Liege.

"What would happen first in a world war?" asks Shaw. "The airplanes of A, B, C, and D would bomb the cities of E, F, G, and H so effectively that the white flag would be hoisted at approximately the same time in the several capitals, and abject pleas for peace would cross each other in the air."

The tragic nastiness of this latest development of warfare is that the attack on the civilian population is absurdly easy, he points out. Because adequate defense is impossible, the danger to civilians of wholesale extinction is greater than ever before. Governments of the civilized countries—those well equipped with the latest means of destruction—are well aware of this fact.

Single redeeming feature "I think that man is on trial," declares Shaw. "If we are proved definitely to be a mistake, we shall be scrapped, and God will use some other creature a trifle less stupid to carry on His purpose. Our opportunities have been great, our stupidities have been monstrous. And, no doubt, war is one of the greatest of these."

"But don't delude yourself with the notion that when nations are at peace with each other, they are at peace with themselves, or that slums and unemployment and inhuman working conditions and sweating wages are far more admirable than the miserable squallor of war," he continues. "As long as pugnacity is considered to be a virtue, you will have international war, and you will have all the blessings of peace I have enumerated. I see no signs that, however great a mistake man may be, he is likely to be superseded in the lifetimes of our present national leaders. God works on a big canvas, and we are only an inch or so away from the Siege of Troy."

SAN PEDRO GROUP OFFERS ASSISTANCE

In a letter addressed to Councilman Tom McGuire, Jennie Yulka, secretary of the San Pedro Theatre Guild, yesterday offered that theatrical group's assistance to the proposed Torrance Community Players. Miss Yulka invited those interested to attend the "workshop" meetings of the San Pedro thespians Thursday nights at 438 West Seventh street.

Altho he will have to remain in a Long Beach hospital until about April 1, Capt. Harold Johnson of 2027 West 242nd street, Lomita, is making slow but complete recovery from injuries suffered in a recent dock accident at West Basin.

Capt. Johnson received a fractured vertebra, broken leg and heel when he fell 40 feet into a hatch while supervising loading of scrap iron for the Banning company. Capt. and Mrs. Johnson formerly resided in San Pedro where she was active in the Woman's club.
