**FHA MODERNIZATION LOAN
BORROWING TO END JUNE 30**

Expiration of the privilege to borrow funds for the purpose of modernization and repair of all types of property through the facilities of the Property Improvement plan of the Federal Housing Administration is scheduled for June 30.

Mayor W. H. Tolson, chairman of the Torrance Better Housing Committee, urges all property owners in need of a liberal financing plan to take advantage of it before that date.

The Property Improvement Plan provides for the insurance of any number of loans to im-

prove any number of properties to a single borrower, if the borrower can show evidence of a good credit standing and an assured income, and provided also that the amount of the loan on any one property does not exceed \$10,000 in amount.

Up to five years is arranged for the repayment of the loan in equal monthly payments.

**Moore's I and III
Stricken Ill; Baby
Is In Hospital**

After he was called to his father's bedside late yesterday, George H. Moore, local hardwareman, had to rush his 13-month-old son, George the Third, to a Glendale hospital for treatment of a serious attack of asthma and bronchitis. The elder Moore, a Los Angeles attorney, suffered a paralytic stroke but he was reported resting comfortably and improving today. He lives in Glendale. Mrs. Moore of this city remained in Glendale today to be near her infant son and her husband's father.

**Former Herald
Worker Named
Deputy Appraiser**

Harold L. Hock, widely-known Los Angeles county newspaper man and formerly city assessor of Berkeley, California, was appointed an appraiser in the office of County Assessor John R. Quinn this week. Hock was employed by The Herald for several months in 1936 as a member of the editorial staff of this newspaper.

Twenty tons of steel are in service on a 10-acre grain and dairy farm completely outfit with farm machinery and with a full complement of steel fence and steel equipment.

**Better Steel for
Washing Machines**

Ten years ago washing machine manufacturers needed six operations to make a tub from the best steel available. Better steel today makes a tub in only two operations, and costs one-third less.

**Slight Changes
Noted In Party
Registrations**

Strength of the Townsend party is waning in Los Angeles county, but only slightly, according to the latest figures released this week by Registrar of Voters W. M. Kerr. The party has lost 34 registrations since last Dec. 16, when the names of all persons who did not vote last August or November were cancelled. Largest gains are shown by the Democratic and Republican ranks. Bourbons have gained 1,300 since last December, with the total for the entire county now standing at 694,005.

Republicans have gained 329 new registrations, bringing that party's total to 407,594 for the entire county.

Grand Total Is Short

The Townsend party, newest in the state, now has 11,080 members, as compared with 11,114 last December when Kerr's books were cleared of "non-voters."

**Hobby Worker
Creates Violin
of Newspapers**

BRACKENRIDGE, Pa. (U.P.)—A violin made of newspapers? It's a fact. And, furthermore, the instrument can produce a fairly good tone.

The violin was built by Jimmy Work, who does that sort of thing as a hobby. Last summer, Work made a violin from match sticks. The newspaper fiddle was built in 47 hours. With the exception of the shank, it is made of papers glued together, with each six layers separated by one layer of sugar sack cloth.

Two-thirds of the Townsend party members are women.

Losses also are shown by the other five parties—Socialist, Prohibitionist, Progressive, Communist and Commonwealth. The decline-to-state classification showed an increase of about 200.

Grand total for the county now stands at 1,173,104, which is some 337,000 short of the high mark of all time—1,516,068, that was reached for the Nov. 8 election last year.
