How Tall Will Your Child Be?

AT any age after six years, it is possible to determine the adult heigh of your child, according to Dr. Josephine E. Kenyon, who provide a chart for the determination of height, in an article in the May issu of Good Housekeeping Magazine. The height of the child should be accurately measured and recorded at each birthday in order to determine whether or not he has made the average growth expected at each age.

any is Measured Annually to Record His Increase in Height

The present median height of the average adult in the United States is 5 feet, 7% inches and the inches high at the age of nine, 63 figures in this chart are based on this median height. If your child is If your son is consistently two inches taller at each birthday than the figure on the chart, he is the special part of the consistency of the consisten

Believing that affairs of the local office of the State Department of Employment are the property of the residents of this area, that office, in collaboration with The Herald, will present a weekly "Question and 'Answer" column to more failly acquaint the public with functions of this vitally important cog in business of the state.

Many interesting, amusing and occasional heart-rending experiences are the daily task of employees of that office. Some of them will be related from time to time; actual names, of course, will be omit-QUESTION: Why should I use

QUESTION: Why should I use he state service when I can get

ting it be known am ong my friends that I have a job opening?

ANSWER: That is just why you should. It will take a lot of your valuable time interviewing scores of applicants to find one really suitable. In addition, it scertain that you will offend several of your friends who referred someone who needed a job regardless of their qualification to hold that job. When you hire you make an investment just to please a friend. This Service is concerned solely with the qualifications of a person to do the job you wish to fill and you will only see as many as necessary to make a competent selection.

QUESTION: Why should I hire locally? There are no qualified men in this town.

ANSWEE: If you would call us, we are sure we can supply you with enough local residents to qualify for any occupation you could name. We have nearly 5,000 applications in our active files distributed among nearly 1,000 occupational classifications. In fact, we are often called upon by our Los Angeles office to fill technical jobs for which even they do not have qualified applicants.
