

Officials Want Crossing Guards Jobs Stabilized

Frequent "turnover" of men assigned to duty as crossing guards in this locality and other sections of the county would be avoided if the S.R.A. could assign men to this work who would be content to stay on the job permanently, it was concluded at a conference of county officials.

Supervisor W. A. Smith said he would ask the board to request the S.R.A. by resolution, to assign workers to crossing guard jobs who were not seeking employment on WPA projects at higher wages.

A. H. Tryon, superintendent of the crossing guard division of the sheriff's office, said that his records showed there was a turnover of about 750 men a month at the 900 crossings. As soon as the men receive a work order from the WPA, they generally accept it, and the places as guards must be filled by new men.

Week's Building Totals \$26,880

Construction of a \$12,000 greenhouse at 18400 Crenshaw (extension of Cedar avenue) topped the week's building projects launched in Torrance. The greenhouse, which will be in four units and be 146 feet wide by 212 feet long, is being erected for the San Lorenzo Nursery of Monrovia and San Lorenzo. Paul Shinoda is manager of the concern.

The total value of the building permits issued this week was \$26,880, according to City Engineer Leonard Young. Permits were issued to:

Bob Russell for a three-room wood frame house at 1747 Date, \$850; Percy F. Perry for a 12-room frame and stucco auto court at 3902 Highway 101, \$2,880; P. H. Rowland for an addition to a residence at 2409 Carson, \$200; Walter B. Claus for a five-room frame stucco house and double garage at 1020 Beech, \$3,850; Dale W. McElfresh for a five-room stucco house and garage at 806 Madrid, \$2,700; Julius Schulz for a five-room frame and stucco house and double garage at 1221 Portola, \$3,900, and Fur Farms, Inc., for a 20 by 60-foot feed room and work shop at 2227 West 182nd, \$800.

Alondra Park Tax Delinquencies Bars FHA Building Loans

Mike Tellison, city attorney of Culver City, who attended the conference at the invitation of MacDonnell, made some good suggestions on methods employed by him at Culver City in lowering the market value of A. & I. district bonds to a point where the bonds could be bought in at substantial discounts and the indebtedness refunded at big savings to taxpayers. His suggestions were enthusiastically received by Mayor Tolson who said he was "going to work on them today."

Three Elected On Chamber Board Here

More members of the Torrance Chamber of Commerce participated in the election Monday that gave Dean L. Sears, A. H. Silligo and William Rojo places on the directorate than any such ballot event in the past. Eighty-six votes were cast during the day.

Sears led the six candidates for positions on the chamber's board with 64 votes. Silligo received 42 and Rojo polled 41. The other candidates were Sam Levy, Harvel Guttenfelder and Grant Barkdull.

Connie Fernley, 15, Given Surprise Party

A surprise party was given by Irene Findley in honor of Connie Fernley's 15th birthday last Saturday at the Fernley home, 1556 Post avenue. Games were played and refreshments were served to Marcia Rous, Peggy Neff, Barbara Evans, Harriett Pegors and the honoree.

BASEBALL FILM DUE In observance of baseball's centennial, members and guests of the Torrance Kiwanis club will see the sound motion picture, "100 Years of Baseball" at the dinner-meeting Monday night.

Still in there . . . battling for dear life . . . Harvel Guttenfelder is making every effort, using every means, working day and night to place first in the Goodrich dealer contest and thus win an expense-paid trip to New York World's Fair. The contest closes the end of this month. Sale of all Goodrich products boosts his standing in this national event . . . even wheelbarrow tires.

Still only four notches from top position, the local dealer maintains that a few extra sales are all that are needed to give him this award.

Co. Wants Relief Debt. Shifted

Seeking escape from the remainder of the \$12,000,000 burden of unemployment relief bonds voted in 1933, the Los Angeles county board of supervisors this week instructed County Counsel J. H. O'Connor to have his two deputies at Sacramento make every effort to have it "wiped out" by vote of the people.

Supervisor Gordon McDonough, who has been prevailed upon by Los Angeles city officials to endeavor to obtain more gasoline tax funds for street construction, brought the matter before the board. O'Connor was asked to have a legislative amendment prepared which McDonough urged be placed on the ballot at the next state election asking the people to shift the burden from the counties to the state.

Delinquent Tax List Published

(Continued from Page 1-A) By refusing to pay the assessment, property owners hope to depreciate the market value of the bonds to a point that they can be refunded or paid off by the county. Thus, the listing of such assessment delinquencies is no reflection on the actual economic conditions in the area, as many of those whose names appear in the list paid all other items on their tax list.

In checking any particular property, readers will find it more convenient to refer to the alphabetical index of names at the end of the list and then refer back to the corresponding numbers. Explanation of the abbreviations and other indicia is given immediately preceding the index.

PENNY WISE and POUND FOOLISH

Many housewife are penny wise and pound foolish when it comes to buying meat. They think that a few pennies saved on the purchase of a steak or roast or a few chops is good, sound economy.

They fail, however, to consider the fat, the bone, the tough part which could not be eaten . . . all of which is wasted!
