RECORDS PROVE OLDSMOBILE ONE OF AMERICA'S LEADING ECONOMY CARS!

YOU'D NEVER THINK a car as big and powerful as Olds would be a gas miser. Yet, that's just what Oldsmobile is—a fuel saver if there ever was one. With Olds, you spend less time (and money) in gas stations and more on the open road. The big 90 H. P. Econo-Master Engine of the Olds Sixty gives you a wealth of live, eager power to master any kind of going. Yet, because it is precision-built and pressure-lubricated, because it embodies such advanced features as a high-efficiency cylinder head, completely cooled cylinders and pressure-cooled valves, it gets the utmost out of every drop of gas and oil. That's why an Olds Sixty was able to win first in its class in this year's Gilmore-Yosemite Economy Run with an average of 21.4 miles per gallon over a tough 315-mile course. Come in and let us prove to you that Olds gives you quality plus economy!
