Shown above, reading from top to bottom: Bobby Bowman, baritone; Kenneth Nelson, first tenor; Frederick Lindblad, second tenor; Paul Myers, first mate; Bob; Ernie Payne, bass; and Lorin Whitney, organist.

Because of this very popular program, a large attendance is anticipated, and cordial invitation is extended to all, local pastors emphasized.

School Board Condemned for Tax Increase

LOS ANGELES — Condemnation of the action of the Los Angeles board of education in voting a 16-cent tax raise for 1939-40, with veiled hints of possible retaliation, was voiced this week in a formal resolution of the board of directors of the Property Owners' Association of California.

In the resolution forwarded to the school board over the signature of H. H. Jarrett, chairman of the tax group's directorate, the association caustically criticized the majority vote of the board.

"The legislature of the state of California, the board of supervisors of Los Angeles county, the city council of Los Angeles and many other political subdivisions have recognized the taxpayers' serious financial plight and have reduced tax rates," read the resolution.

Favored Teachers

"But the board of education has ignored the property owners' pleas just to grant the teachers salary increase amounting to more than \$1,650,000 a year," stated Jarrett. "Our association and thousands of others pleaded with the member that school costs were already exorbitant. They ignored these pleas."

In the resolution the association declared the school board had complied with the demand of organized teacher groups for the salary raises although "teachers were already our highest paid class of public employees."

While condemning the majority members of the school board the Property Owners' Association specifically commended Dr. E. Vincent Aske who alone voted against granting the budget in increase to raise teachers' salaries.

Song Writers

Here's Your Chance for Fame

There may not be any such gifted persons here but if there are song composers in Torrance they should send their works to the San Francisco Exposition for presentation by a 25-piece orchestra in a series of concert each Wednesday evening in the California Ballroom on Treasure Island.

To further stimulate an interest in the works of songwriting Californians and give the unknown composer a chance to participate in this series, a contest has been arranged in which the best song will be chosen each week and presented by the orchestra and soloist.

Rules of the contest require the songs to be of a classical or semi-classical nature and must be an unpublished work. The subject or type of song is left to the discretion of the composer. The songs will be judged by a competent committee and their decision will be final. The series will be broadcast.

All manuscripts submitted must be mailed to the California Composer's Series, c/o Department of Special Events, California building, Treasure Island. A self-addressed, stamped envelope must accompany each manuscript. The California Commission will exercise all reasonable care to see that manuscripts are not damaged or lost, but will assume no responsibility should damage or loss occur.
