

## Deed for Elena Street Accepted at City Session

By accepting the deed of easement to portions of lots in the Hollywood Riviera district from the Huntington Land company, the city council paved the way Tuesday night for the extension and improvement of Elena avenue by the county. The city of Redondo Beach is leading in the move for this work and in submitting the deed, Redondo officials stated that its acceptance will bring both cities' proceedings in behalf of Elena to completion. All that remains now is apportionment of county funds for the improvement.

Other council matters transacted this week were: Receipt of a check for \$50.61 from the Union Oil company for gross earnings under a city franchise and a request from the Four-square Gospel church to zone a lot on Madrid avenue near Carson street to permit erection of a new church. The pastor of the church, Rev. W. E. Nicholls, stated that he found it was impossible to locate the owner of a lot on 220th street near Cabrillo which had first been considered.

**Heard Fire Zone Law**  
William H. Stanger, manager of the municipal water district, has offered to sell the church the Madrid avenue lots owned by the water district, Rev. Nicholls said. Councilman Tom McGuire, head of the city planning commission, stated that the area already permits churches but the council held up the matter for further study because no price had been mentioned for the property.

City Engineer Leonard Young submitted a revised fire zone ordinance, which he said had been approved after revisions by the Board of Fire Underwriters of the Pacific. This ordinance, which was adopted Tuesday night, reduces the area of Fire Zone No. 1 to the immediate business district, creates a "buffer" area around that district for Zone No. 2 and the remainder of the city is placed in the third zone.

**Vote Appropriations**  
A request by Fire Chief J. E. McMaster for installation of three fire hydrants at the corner of Dominguez and Sartori, the corner of the alley and Beech between Torrance boulevard and Eldorado, and the corner of the alley and Acacia between the boulevard and Eldorado, was referred to the water department for a recommendation.

The sum of \$50,000 was ordered transferred from the water department fund to the city's general fund. Expenditures totaling \$660 were approved. They were: \$225 for a Ross valve for the fire department; \$385 for installation of three windshields on fire trucks and \$50 for Fire Chief McMaster's expenses in attending the annual convention of Pacific Coast Fire Chiefs at San Francisco.

Because the figures submitted by Manager Stanger of the water department for the purchase of a new adding machine did not appear to be correct, the council referred his request back to Stanger for revision.

**FIRST CHURCH OF CHRIST, SCIENTIST**

1208 El Prado.

Sunday morning services at 11. Sunday school, 9:30 Wednesday evening meeting, 8 p. m. Reading room in church edifice. "My flesh and my heart faileth: but God is the strength of my heart, and my portion for ever." These words of the Psalmist are the Golden Text in the Lesson-Sermon on "Matter" on Sunday in all Churches of Christ, Scientist.

Among the Bible selections in this verse from Genesis: "And God looked upon the earth, and behold, it was corrupt; for all flesh had corrupted his way upon the earth." These statements from I John are also presented: "Love not the world, neither the things that are in the world. If any man love the world, the love of the Father is not in him. For all that is in the world, the lust of the flesh, and the lust of the eyes, and the pride of life, is not of the Father, but is of the world. And the world passeth away, and the lust thereof: but he that doeth the will of God abideth for ever."

Passages from "Science and Health with Key to the Scriptures" by Mary Baker Eddy, state: "A mortal, corporeal, or finite conception of God cannot embrace the glories of limitless, incorporeal Life and Love. Hence the unsatisfied human craving for something better, higher, nobler, than is afforded by a material belief in a physical God and man. . . . Man is more than a material form with a mind inside, which must escape from its environments in order to be immortal."

## Torrance Boy Recovering From Injury Suffered Fighting Fire

Injured internally when he was struck by a large boulder while on a fire fighting call at Mono Lake with his C.C.C. unit two weeks ago, William A. "Bill" Barnett of this city is improving at the Letterman hospital in San Francisco.

His mother, Mrs. Auguste Barnett of 2007 Andree avenue said that he would be glad to receive letters from his young friends here. His address is Ward D-1 at the hospital. Bill enrolled in the C.C.C. early in July and was stationed at Mammoth Lakes camp.

About a month ago he was slightly injured when, after getting a ride back to his camp, the motorist he was riding with had an accident and was killed. The driver, it was determined, had been drinking before he picked up young Barnett and two other C.C.C. boys.

## 'Picker-Uppers' Get Bum's Rush Out of Torrance

They called 'em "mashers" in the good old days when bicycle scorching was viewed with raised eyebrows. Today they call 'em "picker-uppers" and they cruise about the streets of an evening in various makes and ages of cars.

Both are equally in disrepute among guardians of law and order and when local police observed two Redondo Beach boys slowly driving along Sartori avenue last Saturday night trying to pick up some girls, the "picker-uppers" were promptly stopped.

After taking down their names, the officers instructed the 1939 "mashers" to get out of town just under the speed limit. They went.

## U. S. Steel Elects New Sales Chief

Election of Avery C. Adams as vice-president, in charge of sales, and a member of the executive committee and board of directors, United States Steel Corporation of Delaware, effective Oct. 1, was announced today. Adams succeeds C. V. McKaig who becomes assistant to President with duties as may be assigned. McKaig continues as a member of the executive committee and board of directors.

Adams, the newly elected vice-president, has spent his entire business career in the steel industry having had several years of experience in steel mills in Youngstown district specializing in metallurgy before entering sales work.

## Woman Booked for Drunk Driving After Accident

Altho she claimed she only "had a few beers," Betty Cahoon, 34, who gave an Inglenwood address when booked, was arrested for driving while intoxicated Sunday night after crashing her car into a machine driven by Don Moser of Amapola avenue at Cabrillo and Carson street.

Miss Cahoon, who later said she lived in Torrance, plead not guilty before Police Judge Robert Lessing Monday morning after spending the night in jail. Her trial was set for tomorrow afternoon and she was released on \$100 bail.

Witnesses, according to police, claim she was driving on the wrong side of the street and struck Moser's car altho he tried to avoid the collision. Moser said she followed him across the highway and was about to pass him when she swerved directly into his machine.

precinct No. 2 may register by calling at the home of Mrs. H. I. Rogers, 4401 Torrance boulevard. She is a deputy registrar.
