"There is that maketh himself rich, yet hath nothing: there is that maketh himself poor, yet hath great riches." This verse from Proverbs is the Golden Text in the Lesson-Sermon on "Unreality" on Sunday in all Churches of Christ, Scientist.

One of the Scriptural selections in the Lesson-Sermon includes these passages from James: "From whence come wars and fightings among you? come they not hence, even of your lusts that war in your members? . . . ye fight and war, yet ye have not, because ye ask not. Ye ask, and receive not, because ye ask amiss, that ye may consume it upon your lusts. . . . Draw nigh to God, and he will draw nigh to you. . . . Humble yourselves in the sight of the Lord, and he shall lift you up." This verse from Colossians is also presented: "Set your affection on things above, not on things on the earth."

The Lesson-Sermon includes also these statements from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Hold thought steadfastly to the enduring, the good, and the true, and you will bring these into your experience proportionately to their occupancy of your thoughts. . . . Good demands of man every hour, in which to work out the problem of being. Consecration to good does not lessen man's dependence on God, but heightens it."

## UNITED CUT-RATE DRUG MAKES BOW HERE FRIDAY

Opening tomorrow (Friday), the new United Cut Rate Drug takes its place here as a modern, metropolitan addition to the community life of the city. Located at El Prado and Sartori in the corner location formerly occupied by the Dolley Drug store and, until recently by the Service Electric company, the United offers a modern and complete drug store as well as a number of innovations.

Frank Garbe is manager of the store, which is introducing itself by two big days of special offers, surprise gifts to all women and free balloons for youngsters. No purchases will be required of visitors to claim these things, Garbe announces.

Everything in the new store from front door to back door is new—all the fixtures, stock, its attractive signs and window displays. Incorporated in the store is a complete United Cigar department—one of the famous United Cigar stores found throughout the United States. All merchandise available in these popular stores will be available here and at the same prices.

An innovation noticeable at once to visitors is the prescription department, located near the main entrance in full view of all patrons. Here prescription customers can watch their orders being filled from the finest and freshest of drugs and supplies available.

A large and complete line of greeting cards and stationery is on view and, like all modern metropolitan drug stores, the United Cut Rate Drug offers a wide variety of sundry articles and appliances.

Manager Garbe was connected with the Camino Drug company in Hermosa Beach for several years. He studied pharmacy at U.S.C., and has had considerable experience in providing drug and sundry service.

## Heir Waits 10 Years And Receives 92 Cents

PROVIDENCE, R. I. (U.P.)—G-man James T. Hartin has discovered that the mills of the probate court grind slowly, but like those other celebrated mills, they grind exceedingly fine.

After waiting nearly 10 years for a legacy from the estate of a great-grandfather, Mrs. Rose McGonigle of Pasadena, Cal., while a research company investigated potential legatees, Hartin's ship at last came in—but ever so lightly weighted.

From his sister in Boston he received his share of the estate. It was 92 cents—of which Uncle Sam claims 4 cents.

## FOODS ON SALE

You can lunch or dine al fresco—which means in the open—at the concession stands on El Prado for very little.

## Tomato Argument Rises

SAN JOSE (U.P.)—As the result of sudden interest by the United States Department of Agriculture in the development of white tomatoes being raised here, a controversy has arisen as to who was the first to produce the species.
