Jitterbugs Cavort Friday

'SWEET MUSIC' ORDERED FOR TWO NIGHTS

Dances every night—tonight, Friday and Saturday evening—will be the final events of each Frolic day here.

But only one of the open-air "hops" on the huge dance platform erected on the vacant lot across from the Civic Auditorium will be a purely jitterbug affair.

The Frolic committee believes that many adult residents would like to dance (at five cents per couple per dance) to the melody of Don Briggs' 14-piece orchestra—people who don't care for the strenuous "rug-cutting" of the "cats."

Night for Jitterbugs

Therefore, tonight's and Saturday night's dances will be "sweet music" and Maestro Briggs has promised to dispense melodies which will be enjoyed by those who prefer fox-trots, waltzes and one-steps.

But Friday night is when the jitterbugs will cavort. Then Briggs, who has been providing the music for the regular Friday night student dances in the Civic Auditorium, will let his musicians "get in the groove and stay with it." The feature of that evening—which you won't want to miss!—will be the Torrance city championship jitterbug contest.

Will Be Gala Scene

This amazing exhibition of agility, endurance, contortions and a lot of exertion will start about 10:30 o'clock. A valuable award will be presented the couple judged to jitterbug better than any two others among the hundreds expected to participate.

The open-air dance floor is 60 by 80 feet in size—making exactly 3,600 square feet of space for trippers of the light fantastic. The orchestra will be seated on a stage platform. The floor will be waxed to afford an excellent surface and colored lights will make the scene a colorful addition to the Frolic.

BRING YOUR CAMERA

The concession stands, crowds, parades and other Factory Frolic features make ideal camera shots—bring your shutter-box downtown and snap them.

Prizes for Pet Parade Winners

All youngsters in the city are invited to enter their pets in the special Factory Frolic parade that will be held Friday afternoon at 4:30 o'clock. This procession will form at El Prado and Cravens avenue. Prizes are to be awarded boys and girls with the most novel entries. Pets of all kinds are wanted and they can be wheeled, lead on a leash

No 'Rackets' Allowed Here

No "pitchmen" or other outside sellers of carnival accessories, such as flag-pins, whips, balloons or what-not, will be allowed to tour the streets of Torrance to capitalize on the Factory Frolic crowds.

(all of them should be kept under control!) or ridden.
