Robbery Clew Turns Up Oddly After 20 Years

DETROIT (U.P.) — In 1919 burglars broke into the home of Dan LaBlonde and used one of his pillow cases to carry away their loot. Twenty years later, when LaBlonde was working in the Pontiac motor fender department, he reached into a bag for a cloth. He withdrew a tattered portion of the pillow case. It was strangely familiar. Inspecting it, he noted the initial "L" embroidered by his mother-in-law on the pillow case given to his wife when they were married. It was the first clew to the robbery of 1919.

The Mormon settlers of Utah once organized an independent state known as Deseret.

HERO IN ACTION . . . Gary Cooper is shown here in one of the many stirring battle scenes that make "Beau Geste" a gripping screen drama of life in the French Foreign Legion. The film opens tonight at the Plaza theatre in Hawthorne.

Veteran Secretary Gives Tips
CLEVELAND, O. (U.P.)—Miss Emma S. Vogelsang believes that for a woman to be a successful secretary she must be faithful and conscientious and must do her job as if it were her own business. Miss Vogelsang speaks with authority. She has been secretary to the same executive for 44 years.

Wrong Number; It's Music
MANCHESTER, Conn. (U.P.)—For a while the proprietor of a soda shop was uncertain whether he had a pay-telephone or a pay radio in his place. A patron deposited a coin in the telephone and got a dance band broadcasting. Four others tried it with the same result before the telephone resumed normal service.

To Jail for Dog
PASADENA (U.P.)—R. E. McGuire has thrown some doubt on the assumption that a dog is capable of more affection for his master than the master for the dog. In any event, McGuire went to jail for the dog. Fined \$10 or one day in jail for allowing his pet to run at large, McGuire chose the jail sentence.

PLAYS R. R. COP . . . Akim Tamiroff, this time as a tough Mexican railroad cop, plays one of the leading roles in Cecil B. DeMille's story of America's great railroad feat, "Union Pacific," which opens Sunday at the Lomita theatre.

All Italian dance halls have been ordered closed, Mussolini apparently being in some doubts as to whether a jig or the lock-step is in order.

Our good-will envoy, Ham Fish, breaks even on the European tour. Ham failed to convert the rough element, but he still has his wath.

Edison Affairs in Auditorium Start Saturday

First of the three big gatherings of Southern California Edison company workers in the Civic Auditorium will be held Saturday night when the Edison American Legion post will hold its dinner and high-jinx in the municipal building. About 300 are expected to attend. The local Legion clubhouse will be the afternoon headquarters for the power company system.

On Dec. 14, more than 3,500 are expected to gather in the Auditorium when the Edison employees hold their annual dance for the first time in Torrance. The annual dinner and high-jinx program of the Edison Masonic club will be held here for the third year on Jan. 13. More than 700 are due to attend this gala stag affair.

Paragraphics

The public doesn't like new jokes, says a radio comedian. But the public is seldom given an opportunity to hear any new ones.

—Greensboro (Ga.) Herald-Journal

Texas produced and sold nearly 6,000,000 boxes of grapefruit last season. No little squirt, that business.

—Cincinnati Enquirer

No one need be schooled in music to appreciate the beauty of a certain note—the sound of the quitting whistle.

—Wilkes-Barre Record

But how can they save the country now, when it has already had about all the saving it can stand?

—Dayton Journal

If you never say college men are silly incompetents nobody will suspect you missed a college education.

—San Francisco Chronicle

Surprise is being expressed in Italy that the Stalin-Hitler agreement on Poland leaves no part of it to the Poles; here seems to have been a typographical error—what the two pacifiers had in mind all along was a buffet state.

TOWER DISTINGUISHES THEATRE . . . Outstanding among the architectural features of the new Academy theatre, which opens next Thursday night, Nov. 9, at Manchester and Crenshaw in Inglewood, is the gigantic neon-banded tower rising 150 feet from the ground. Unique lighting effects are possible and the tower is said to be visible for a distance of eight miles on every side.

DELAY MEETING

Because of the Harbor District Chambers of Commerce dinner-meeting in Gardena next Thursday night, Nov. 9, conflicts with the date of the Alondra Park Property Owners' association mass meeting, the latter organization has postponed its gathering until the following Thursday night, Nov. 16, at the Torrance Civic Auditorium. All interested in Alondra Park's assessment difficulties are urged to reserve that date to attend the meeting.

A mosquito's stinger weighs only six millionths of an ounce.

Tennis Precaution Shattered

LINDSAY (U.P.)—High school authorities constructed a fine, new tennis court for the school. For weeks, the students, under pain of severe penalty were forbidden to set foot on it until the final surface had been applied. Then, just as this was all but completed, a cow wandered onto the court and left it looking like a case of smallpox.

Autos Corral Coyotes

MERCED (U.P.)—Coyotes in this area have good cause to become automobile shy. The reason is a new way of hunting the animals originated by several local men who, using automobiles, corralled a large coyote much in the style of the old-time roundups of horseback days.

Gold In Beachcombing

SAN FRANCISCO (U.P.)—Beachcombing has taken on a new dignity here for the reason that the most valuable pickings consist of gold. During 1938, more than \$2,500 worth of gold flakes were recovered from the sands of the beach.

Water Softening Plant Contracted

With award of the contract for construction of the Metropolitan Water District's water softening and filtration plant scheduled to be made at a meeting of the board of directors Friday, engineers were gathering data today for the next call for bids for building a distribution line to Anaheim, Fullerton and Santa Ana.

The water treatment plant is to be located in county territory just outside of La Verne, north of the main Foothill boulevard feeder line of the Colorado river, aqueduct into Los Angeles county from Cajaleo reservoir.

Bid of the Griffith company at \$1,632,992 for building the treatment plant was found to be acceptable this week by engineers for the district. Water from this plant for member cities of the district, including Torrance, will be softer and of higher quality than the average water now being used throughout the county. Beverly Hills is an exception because it has its own treatment plant.

Angler's Luck Belated
