Realtors to Hold Joint Meeting

Lomita-Torrance Realty Board will be hosts to the South Bay district Monday night, Jan. 29, at a dinner meeting at the Hollywood Riviera Club.

Edith S. Smith, president of the Lomita-Torrance group and who is also secretary of the South Bay group, will welcome the visitors and then turn the gavel over to Von Scott of Redondo Beach, president of the South Bay group.

H. L. Giannetti, president of the California Real Estate Association, will be speaker of the evening and other distinguished guests are expected.

Two Lomitans at Torrance Hospital

Two Lomitans are confined at Torrance Memorial hospital. Mrs. Mary Jorgensen, 2122 Lomita boulevard, is recovering from an operation performed yesterday and John Ausmus, 2131 245th street, has been in the hospital since Monday following an operation.

My Neighbor Says:

Handle chiffon carefully during laundering. Squeeze it gently after it has been rinsed in warm water and mild soap suds. Never twist or wring the fabric. Shape it out and press it on the wrong side when it is nearly dry. Use a moderately warm iron, never a hot one.

Thoroughly mash or rice potatoes to be used in cake or roll recipes. If leftover potatoes are to be used be sure they are not highly seasoned. Soften them by heating in a double boiler and pressing through a sieve.

Keep cream that is to be whipped very cold. And chill the bowl and beater to be used in whipping it. If the cream is slow to thicken add a little salt or lemon juice to hasten the process.

(Released by The Associated Newspapers)

SAID RECOVERING

The many friends of Mrs. Grace Brown who has been very ill with pneumonia will be pleased to know that she is now on the road to recovery.

Teacher Given P.T.A. Award

A fitting tribute was paid a member of the faculty at Orange street school Tuesday when the P. T. A. voted to give a life membership to Mrs. Lottie Hill. For a number of years Mrs. Hill has been a member of the faculty and her interest in everything concerning the children, especially in keeping up the orchestra, makes her most deserving of the honor.

The theme of the program was "Economic Efficiency in the Home" with Miss Helen Rose of the Narbonne faculty, Mrs. J. H. Marriott and Mrs. L. A. Stump as speakers. Two members of the piano sextette, Mrs. L. G. Van Vorhis and Mrs. C. O. Elpper gave duets which were greatly enjoyed.

Mrs. J. L. Abbott gave a fine report for the motion picture committee and the treasurer's report showed \$19.50 received from the paper drive. Mrs. Alvina Giffler's room received the room prize. Mrs. V. H. Taylor, assisted by Mesdames Abbott, Van Vorhis and Elpper, served refreshments.

William King Dies In Hospital

Coming as a shock to family and friends was the sudden death of William King at the Hermosa hospital Sunday morning.

On Tuesday morning while putting his car in the garage, Mr. King slipped and fell against the bumper of the car, fracturing three ribs on his right side. While the injury was painful it was not considered serious. On Wednesday night, he entered the hospital for X-rays and treatment and was advised to stay for a few days. Sunday morning he felt better and wanted to come home and shortly after chatting with his doctor, collapsed with a heart attack, passing away almost immediately.

In 1912 Mr. King had one of those new-fangled businesses, a garage on Redondo-Wilmington Road and for several years was engaged in business there. For many years up to the time of his death he was an engineer of the Los Angeles Soap Company where he was held in high esteem.

Had Hosts of Friends
In 1918 he married Mrs. Bertha Blaine and for 22 years they have made their home at 26000 Cypress street. A loyal friend and kind neighbor he made hosts of friends in the nearly 30 years he lived in Lomita to which the chapel filled with friends and flowers bore witness yesterday.

Services were held Wednesday afternoon at the A. M. Gamby Mortuary with Rev. E. E. Clark of Eagle Rock officiating. Mrs. E. L. Gibson sang several numbers and interment was at Roosevelt Memorial Park. Mr. King was survived by his widow, Bertha; his aged mother,

More Ways to Tax Sought by Co. Officials

An inkling of the lengths to which Los Angeles County officials are going in their endeavor to increase county revenues by finding additional tax sources became known at the Hall of Records today in a request for a legal opinion on taxing certain businesses.

The request was filed by County Manager Wayne Allen's department and listed a score or more of businesses on which it is contemplated placing license taxes if it is shown that the cost of inspection or services is sufficient to justify the license.

The businesses enumerated in the list are such as to be widespread and likely to be found in any community of the county. The legal opinion sought is whether the county can tax these businesses if they are already taxed and licensed by the state or if the county can add regulations to those of the state to justify the tax.

List of Sources
Recently the Board of Supervisors voted to create a committee of laymen to study the possibilities of finding additional sources of revenue for the county other than the tax on property and the various license fees which the county now has in effect.

Included in the list of businesses that county officials are studying with a possible view of taxing are: boarding houses, rooming houses, hotels, apartment houses, ice plants, live poultry dealers, mortuaries, milk dealers, scavengers, auto camps, bottling works, food manufacturers, livery stables, mattress cleaning and renovating plants, pet shops, rendering plants, fertilizer dealers, public dumps, swim pools, private schools, advertising electric signs, auto parking lots, locksmiths, autos for hire, ammunition and gun dealers, collection agencies, driving ranges and house moving businesses.

WINDSHIELD SHATTERED
Someone with a good pitching arm flung a rock thru the windshield of Gerald Roth's car while it was parked on Cravens avenue near Sartori avenue last Saturday night, according to police reports. Roth lives at 1233 1/2 Arlington avenue.

Mrs. Gertrude King of Huntington Park, two sisters, Mrs. Rose Moore of Huntington Park and Mrs. Julia Simon of Lebanon, Ore.; two stepsons to whom he was a devoted father, Lynn and Neil Blaine; three nephews and two nieces.

Younger Fry's Own Column

by AUNT CAROL

THE MAIL BOX

Dear Girls and Boys:

The first month of the new year is almost gone, isn't it? And before another issue of Younger Fry comes 'round to your house it will really be all gone. My! how time does fly. And I'm just wondering if you and you, and especially you, remembered all those New Year's resolutions you made. It's fun to keep them, juniors, and very, very helpful in growing up to be fine men and women—the kind of people other folks look at and say, if only to themselves, "My, I'd like to be just like him (or her)." That means a lot, juniors. Much, much more than maybe you realize now.

And how are you all coming out with your essays about Abraham Lincoln and George Washington? I'm expecting some mighty fine ones, juniors. And I know you won't disappoint me. Don't forget to send them in to me for a grand prize!

I'm still interested in hearing what my little juniors are doing. So keep on writing and telling me all about yourselves, won't you? And I know you won't forget to give me your age, birthday, school and home address.

Next week we're off in a cloud of imagination for our great "round the world trip!" So, until bon voyage, juniors.

Lovingly
AUNT CAROL.

Dear Aunt Carol:

I enjoy your stories, recipes and strange things. Hope your column will be a success in our new year of 1940. I'll tell all the boys and girls in my neighborhood that you have a swell column. I am a Boy Scout. In rank I'm a second class Scout. I like to compose songs and write poetry. I like athletics, especially baseball, basketball and football. I'm in the sixth grade and enjoy art work. Also, I will try your recipes in the column and tell you how I like them. My sisters will like these recipes, too. I will try to read your column every week.

Your junior pal,
JAMES E. HOUTER, JR.

Dear James:

Thank you very much for your nice letter. Now that I know you like to compose songs and write poetry, I'll expect you to send some in to the Achievement Club of which you are now a member.

James, you meant in your letter that you enjoyed the stories in Scotland? I wonder if Scouts originated there? Can you find

out? Write and tell me more about your Scout work and also give me your age. I like to read such letters that say "try" all the way through.

AUNT CAROL.

KIDDIES' KITCHEN

We've had so many requests from our little juniorettes asking for some recipe on how to prepare soup that we almost think Torrance, Lomita and Welteria are just bulking with kiddies who know what's good for them in this brim! chilly weather. So, here's one that a little different, juniorettes, and I do hope you like it.

Peanut Butter Soup
Put a quart of water in the lower part of a double boiler. Bring the water to a boil. Then, put four heaping teaspoonsful of peanut butter into the upper part. Usually measurements are given level. But, as peanut butter is thick and clumsy, you will find heaping spoonful the easiest to manage.

Add one-half cup of milk and cook ten minutes. Then beat until creamy. Now, add another one-half cup of milk and cook five minutes longer. Beat the whole thing until smooth. Last of all, add one tablespoonful of butter and one level teaspoonful of salt. Add one more cup of milk and cook until smooth. Adding the milk gradually keeps the peanut butter from getting lumpy. But you must be sure your mixture is smooth and creamy each time you add more milk.

ACHIEVEMENT CLUB

Congratulations STUART M. WEIS! Your poem, "My Little Duck" appears in this issue of Younger Fry, and, of course, makes you one of the very first members of the Achievement Club.

MY LITTLE DUCK
I have a little duck,
He likes to swim in a brook.
He dunks in a tub.
And eats from my hand.
He struts in the yard.
And runs very fast.
My little duck is yellow.
And he's a jolly old fellow.

KNOWLEDGE CLUB

The Story of the Sponge
The sponge is an animal. By holding one up to the light you can see that it consists of a horny framework made up of many small tubes branching out from larger ones which grow still larger near the center of the sponge. These tubes all have openings. They are called pores. At the end of the smaller openings the sponge takes in water. This is the way the sponge eats. However, it does not require much to maintain life for the sponge never leaves the rock on which it is formed. Sponges are all sizes and shapes. Some are round. Others are long and slender. You see, they really are very much like little girls and boys!

H. C. Legion to Hold Card Party on Ground Hog Day

"Ground Hog" Day is Feb. 2 but it isn't so important about his shadow, the thing to remember is to attend the "Ground Hog" day card party given by the American Legion in their hall at Harbor City that night. Having donated the use of their clubroom for a pre-school clinic, the Legionnaires are giving this party to raise funds for equipment for the room. Dr. J. A. Chapman is donating his services for the clinic and states that the use of the Fleet Reserve hall in Lomita has also been donated.

The Legionnaires have taken the lead in promoting the clinic which will serve Harbor City and Lomita and are deserving of everyone's support. Prizes for bridge, 500 and pinocchio and a door prize will be given.

Work On Housing Project In P. V. Will Start Soon

Actual construction work on Los Angeles County Housing Authority's second project, located in the Palos Verdes Hills above Lomita, is expected to be started shortly, as soon as formal approval of the contracts is concluded. The Authority's first project, in North Long Beach, now is well under way. Bids were recently received for the third project, located in East Los Angeles.

PENNEY'S JANUARY Bargain Days

Slips 15c

Girl's pretty nain-sook slips at real savings! They're nicely made and serviceable!
