Chamber Members Discuss Civic Program and Activities at Dinner

(Continued from Page 1)

was a splendid opportunity for local citizens to "let down from the strain of their duties at the office, factory, or store, and mingle together for fun." However, he said there was some difference of opinion regarding the Factory Frolic and that the chamber would shortly send out a questionnaire to determine the wishes of local residents regarding the continuance of the frolic. "If it seems to be the majority opinion that we should continue the frolic, we should know early enough to plan well in advance of the celebration," Smith stated.

City Wants Clear Title

Purchase of the P. E. right-of-way on Cabrillo avenue and improvement of the street as a thru highway was the first topic discussed from the floor. F. L. Parks stated that he thought the extension of Cabrillo avenue to connect with Eschman avenue in Lomita was important as to the development of this community.

In response to the inquiry as to "what was holding up the purchase of the P. E. right-of-way?" City Attorney John E. McCall said the limitations placed by the P. E. upon the use of the land after the city purchased it amounted to little more than securing an easement, but that he was confident that the matter would be straightened out. However, it will "take time" as all such propositions must go to New York for final approval by the railroad, McCall said. If the city is to pay for the right-of-way, it wants a clear title, Mayor William H. Tolson remarked.

No Delay in Zoning

Adoption of the city-wide zoning ordinance without further delay was advocated and roundly applauded by those present. Councilman Tom McGuire, chairman of the City Planning Commission, stated that the commission was going right ahead with its maps and he did not think the 90-day extension of the hearing would delay the adoption of the ordinance as zoning work on other parts of the city was going forward.

Residents of North Torrance, representing various groups in that area, are now meeting and a solution of their problem is expected in time to include in the general ordinance when it is ready to submit to the city council, McGuire stated.

Maps showing the zoning in the older portion of the city are now completed, McGuire said, and he urged that everyone in-

Firemen Pump Out Flooded Store Here

During the torrential rain early last Saturday afternoon the Star Furniture store appealed to the fire department for flood relief and firemen responded to pump out part of the flooded store with the recently purchased Mack pump truck.

A drain pipe proved inadequate in carrying off the down-pour, causing the store to become inundated and damaging some furniture, according to firemen who dashed thru the storm to the rescue.

SCOUTING

The American Way

BOY SCOUT WEEK

February 8-14

When the Boy Scouts of America celebrates its 30th birthday today, all of the 1,330,000 Scouts, Cubs and Scout leaders will re-dedicate themselves to the service motive which has characterized the movement for three decades. Scouting offers adventure, fun and achievement—attractive to all boys—through the democratic life of the Scout Troop and Patrol, as essential ingredients in its character-influencing program for the boys of America. Drawing on the rich experience of the movement, local and national Scout leaders anticipate the opportunity to serve more boys annually.

12 Men Enter Council Race

(Continued from Page 1)

lodge No. 1414 last night gave a short talk but did not reveal much of their respective "platforms." The candidates were informed by the C.I.O. lodge that they would be asked to fill out a questionnaire concerning their attitude on various matters pertaining to labor and the lodge would give their replies "due consideration" for support of Labor's Non-Partisan League.

In addition to the two incumbents, Mayor Tolson and Councilman Powell, who are seeking re-election, three are "old campaigners." Hagberg sought election to the council two years ago. Gilbert was a member of the city's first council in 1921, was mayor in 1923 and campaigned in 1938; O'Toole was in the race for assemblyman in August, 1938. Councilman Tom McGuire, whose term is expiring, has not announced whether or not he will be a candidate to succeed himself.
