Smith, recording secretary; Mrs. E. B. Roberts, corresponding secretary; Mrs. E. C. Prime, treasurer; Mrs. C. T. Schiebler, auditor; Mrs. D. B. Douglas, historian, and Miss L. K. Following the meeting tea was served by Miss Dullam's development group at tables enhanced with white gladioli and red amaryllis. Delegates to the state convention to be held at Los Angeles May 21, 22 and 23 will be Mesdames E. W. Lock, H. P. Smith and H. R. Lee. BUY GREEN FOODS THAT YOU KNOW ARE FIRST-MORNING FRESH!

No longer do you have to guess or gamble about freshness in green foods. Safeway's new method of selling these perishable items brings you vegetables CERTIFIED First-Morning Fresh.

HERE'S HOW THE PLAN WORKS: Safeway buys the best green foods that farmers grow—many of them produced especially for us. These vegetables are rushed to each Safeway store every morning. At your Safeway this First-Morning Fresh produce is plainly marked with cards reading "FIRST MORNING FRESH". Only first-day produce gets this sign. Any green goods that are carried over are labeled "SECOND-DAY PRODUCE", and priced lower.

Try this better way of buying vegetables today. Money back if you don't find Safeway vegetables more tender and tempting!

ALL PRODUCE at SAFEWAY SOLD BY WEIGHT

Another revolutionary new plan that was recently inaugurated at Safeway fruit and vegetable departments is that of selling ALL fresh produce by weight. Comparisons of value—never exact when the measurement was "by the piece"—can now be determined accurately. You pay for exactly the amount of produce you get (and so more) when you buy "by the pound". This is really important when you consider that there is often 25% to 30% difference in weight between two heads of lettuce taken from the same crate. Under the "piece" method, both heads would be sold at the same price. Now price follows the weight variation—and the smaller head is 25% to 30% cheaper! Other produce items are similarly affected by the plan.
