Studebaker Picks
Wolf's Garage as
Torrance Agency

Appointment of W. W. Quinn, proprietor of Wolf's garage, 1405 Border avenue as a direct dealer of its complete line of Studebaker automobiles in Torrance and vicinity was announced today by the Studebaker Pacific Corporation.

Quinn, whose given names are Walford Winnie, was dubbed "Wolf" early in life by fellow workers in the garage where he began his training in the automotive field by washing cars at the "magnificent" pay of \$3 per week back in 1924. Since then, however, he has added many years of experience, including every department of automobile servicing and repair, along with considerable factory training.

Because of his keen knowledge of automobiles acquired by years of experience working on them, "Wolf" Quinn says he has been thoroughly "sold on Studebaker" for some time, but that it was not until this week that he was able to arrange a suitable sales and service room and obtain the dealership.

Now on display at the newly enlarged and modernized Wolf's garage, are the latest deluxe-tono Studebaker Champion and Commander models, which include five distinctive two-tone exteriors and three contrasting color interiors. "You're all invited to come and view these marvelous
