

City Wants Contract Regarding Sewers Before Paying Cost

Not until County Sanitation District No. 5 provides the city of Torrance with a written contract outlining the exact services to be performed in regard to the construction of a sewer extension by WPA project in the Vista Highlands tract will the city issue a check for \$5,542, its share of the cost as co-sponsor with the District in the improvement.

This was decided by the city council Tuesday night after a letter had been read from the Sanitation District asking for immediate payment of the city's share so the work, now under way, can proceed. It was brought out that a verbal agreement has been made between A. K. Warren, chief engineer and general manager of the Sanitation District, and City Engineer Leonard Young regarding the project and

providing that the city will be credited for the amount of engineering work already done on the sewer job by the city.

This work now amounts to between \$700 and \$800, Young told the council and the exact sum should be deducted from the city's portion of the cost. City Attorney John E. McCall was instructed to confer with representatives of the Sanitation District to obtain a written contract as soon as possible.

In order to expedite the project, the council will hold an adjourned meeting this afternoon to hear McCall's report and if he has an agreement, it probably will be signed and the city's share of the sewer cost will be sent immediately to the Sanitation District.

PAY DATE CORRECTED

Correcting an earlier announcement, the SRA said this week that relief clients will be paid on July 3 at the store, 1215 El Prado, instead of July 5 as first reported by SRA officials.

TRAINING FOR NEW AIR FORCE... Cadets of basic training school at Randolph Field, Texas, march in drill formation. Army plans to train 7,000 air corps officers annually.

Census Count Is 9,799 Here Now

(Continued from Page 1)
counted by the Federal census enumerators are also invited to send their names and the number of persons in their family to Supervisor Kelly at once for inclusion in the final Torrance figure.

The population of Lomita is 4,789, Kelly announced this week after a preliminary check, although he said enumerators are still at work in that community and the count is subject to revision.

The area embraced in the Lomita census is bounded by Crenshaw, 238th street, Western avenue and 262nd street. No comparison with the 1930 census figures for Lomita is possible because of a change in the census district boundaries for the 1940 count.

Miss Jeanne Kresse and Miss Daphne Landreth spent a week at Big Bear recently.

WILLKIE SEES HOW IT'S DONE... Republican presidential aspirant Wendell Willkie, right, utilities executive, watches electrical repair workers on the job in Akron, Ohio. He once worked for the same company these men do, and knows the workers.

Want Ad Rhymes Contest Winners

The Winning Rhyme
"If you find it hard to decide,
On a gift for graduate or bride,
Stop and see the bargains galore;
At National Home Appliance Store."

RHYME RULES
Read these few simple rules:
1. Write a four-line rhyme based on some classified advertisement which appears on the regular classified pages of "The Herald and News." Your verse must concern some particular ad—not classified ads in general. (Be sure to see rule No. 5.)
2. Write on but one side of the paper, and be sure to paste a clippage copy of the advertisement about which you write on the same side of the sheet—preferably above the rhyme.
3. Date each rhyme you send in.
4. Print your name and address in full and mail your verses to the "Classified Ad Rhymes Contest Editor," Herald-News Office, Torrance, Calif.
5. You may write more than one rhyme at a time (as many as there are ads if you wish) but each one must be on a separate sheet of paper and on a different each week on the same ad, if you desire.

Supervisors Vote Monday on Fund for Alondra Park
(Continued from Page 1-A)

escrow agency for refunding proceedings in Alondra Park assessment district, according to MacDonnell. Arrangements have been made whereby the property owners, as represented by the designated committee, will constitute their own assembly agency, thereby eliminating an item of expense incidental to the refunding, it was pointed out.

Refunding proceedings were instigated last year when 70 per cent of the property owners in the district petitioned the board of supervisors asking for the procedure and an allocation of at least 50 per cent of the outstanding indebtedness.

City and County Costs Show Gain
(Continued from Page 1-A)

cities and the state had a net increase of \$210,989,583 during the 11 years.

The combined debt of cities soared from \$347,413,378 to \$508,914,293, an increase of \$161,500,915. The state's bonded debt increased \$70,491,000, from \$114,374,500 in 1928 to \$184,865,500 last year. Indebtedness of the counties, excluding San Francisco which was tabulated with cities, totaled \$273,508,487 last year, compared with \$294,530,819 in 1928.

Members of the Torrance Advisory Board who were introduced were Maud Hammond Welch, past president of the Torrance Mutual Building and Loan Association; James W. Post, president of the Torrance National Bank; Charles V. Jones, co-partner in the Torrance Lumber Company; Fay L. Parks, president of the Torrance Plumbing Company, and Henry March.

Building and Loan Merger Saluted at Dinner-Meet

(Continued from Page 1)
this merger has been brought about.

Dockweiler Tells History
M. M. Hurford, president of the Federal Home Loan Bank of Los Angeles, was present and talked interestingly of the function of that organization. In relating the history of the Federal Home Loan Bank, Hurford brought to light that the purpose of that comparatively new institution (first opened in 1932) is to loan money to accredited building and loan associations which they in turn loan to qualified citizens for development of homes and properties. "The Lincoln Building and Loan Association's credit," he stated, "is A-1."

Chairman of the board of the Lincoln Building and Loan Association, Isidore B. Dockweiler gave a serio-humorous history of California. Charles T. Rippey toastmaster, introduced Dockweiler as a Californian by adoption, upon which Dockweiler informed him politely but firmly that he could call it that if he wanted to, but the truth of it was that he was born on the spot as we now know as First and Broadway 72 years ago.

Dockweiler's reminiscences of Southern California were most interesting. His list of titles sounds like the Los Angeles "Business Blue Book." He is a director of the First Industrial Loan Co., Security First National Bank, National Title Insurance Co., Pacific Electric Railway and Los Angeles Soap Co., and is chairman of the Housing Authority of Los Angeles County as well as being chairman of the board of the Lincoln Building and Loan Association.

GET EARLY START
Many students left a week early from school to take vacations. Velma Stegmeyer went to visit relatives in Iowa; Don Hitchcock, our newly-elected student body president, and Clifford Totten are representing T. H. S. at "Boys' State" in Sacramento; J. D. Greathouse left for Texas, and Charles and Gerald Grubbs are visiting in Minnesota.

Stop Signs at Alley Entrance Ordered to Halt Young Speeders
To stop the practice of youthful motorists who have made the alley a "race-track," boulevard stop signs are to be erected at the entrance to the alley south of Carson street off Arlington avenue. Councilman George V. Powell proposed the signs at city council meeting Tuesday night.

the Assistant Secretary, W. E. Bowen, being in charge. In his remarks he spoke of the growth of the local organization, invited the community to visit the office to become better acquainted with the organization and with facilities it has to offer the community.

Vice-Presidents Emerson Spear, who is in the East, and Roy P. Crocker were both unable to be present. Spear is president of the Pacific Wire Rope Co., former president of the Los Angeles Junior Chamber of Commerce, vice-president of Southern California, Inc., and former member of the Board of Harbor Commissioners. Crocker a lawyer, is former appraiser of the Security First National Bank of Los Angeles.

A. J. Bayer, president of the Association, was present but could not speak as he had a cold. Bayer is also president of the A. J. Bayer Ornamental Iron Works, director of the Union Bank and Trust Co., and director of the Axelsson Manufacturing Company.

During the evening it was pointed out that business in this locality is to be continued at its present location at 1335 Post avenue under local management.

Torrance Hi News Notes

By ELIZABETH FISH

BIG EVENT... The annual senior breakfast was held in the school cafeteria this morning. The seniors were all decked out in their new clothes. Tonight is the night, and they aren't quite sure what to think.

FINAL ASSEMBLY... Today the final assembly was held when outstanding students of T. H. S. were honored with letters, certificates and honorable mentions.

SIGNING PARTIES... Since the annuals have come out we have had quite a few "signing parties" for exchange of autographs. Monday evening Jenoyne Barkdull entertained 30 students at her home. Irene Findley had one also, at which 25 students attended.

PARK PICNIC... Last week Mrs. S. Young's 8-A class went to the Torrance City park for a picnic to celebrate the end of school. The students had lots to eat and played baseball. Melvin Miller and Patricia Hanks were captains of the teams. Edwin Smith had his portable radio along.
