"Sweet and Soft" Music Featured at Frolic Dance Friday

GARWOOD VAN

Garwood Van and his orchestra, which will provide the music for the Frolic dance in the Civic Auditorium Friday night, is an exponent of the "sweet and soft" brand of modern rhythms so efficiently rendered by his orchestra. Admission to this Frolic affair is 44 cents (including Federal tax) per person.

His music and full arrangements are distinctive and easily identified and recognized over the radio. He has a knack of working out in his orchestra a sweet interpretation of the popular rhythm which is so satisfying to his many listeners.

The distinctive feature of Garwood Van's music is its simplicity. At no time is there any doubt what song his orchestra is playing, for there is always a clearly distinguishable melody carried through the entire arrangement.

Campaign On Gas Range Sales

A trade-in allowance double that ordinarily offered will be the feature of cooperative Southern California-wide "certified performance" gas range sales campaign launched during the past week by gas range dealers, manufacturers and the gas company, it was announced by O. M. Butler, sales supervisor of Southern California Gas company.

During the period of the campaign, purchasers of new "certified performance" gas ranges will be given trade-in allowances on their old ranges amounting to 20 per cent of the purchase price of the new range.

"For those who do not wish to pay cash," Butler stated, "the Southern California Gas company has worked out an easy deferred payment plan. Under this plan, a modern "CP" gas range, with all its advanced performance features, may be secured for a down payment as low as \$5 plus sales tax, and the balance may be paid over a period as long as three years."
