

Beauty Reaches All-Time High in New '41 Chevrolet at Ed Thompson's

Completely new styling joins with numerous mechanical improvements to make the new 1941 Chevrolet, now on display at all dealers, a worthy successor to the cars which have earned first place in public favor year after year. The greater size and roominess of the new models, as well as their sleek new beauty, are apparent in the Special De Luxe Sport Sedan, shown above.

At (2) is shown the spacious interior of the same model's rear compartment, and at (3) is its front compartment, showing two-spoke steering wheel with horn-blowing ring, new sliding-type sun visors, and smartly re-styled dash.

Mrs. A. L. Warthan of Riverside visited at the Lloyd Warthan home here last weekend.

Mr. and Mrs. V. C. Silver en-

joyed a week's vacation at San Francisco recently.

Mr. and Mrs. Joseph O'Day of New York were recent guests of heart attack at his home last night. Funeral arrangements are

being made at the Ganby Mortuary.

Legion Forming Defense Unit

Organization of the Torrance American Legion post's emergency defense unit was advanced last Friday night at a special committee meeting in preparation for an Oct. 1 test drill, according to Commander Edwin Bird. The defense committee named by Bird to draft a plan for periodical test calls and drills to insure speedy and effective action here in time of emergency is now completing its work of scanning files records of Legion members.

From this source, the defense unit will assign emergency posts, using a special map of the city now being drafted by B. M. Brewett. Later other Torrance posts and organizations will be invited to join the Legion in this program move.

The emergency defense unit is operating under the post's combined disaster relief and national defense committee. Headed by Pat Boyle, other committee members are Dr. W. L. Laughon, Biven M. Brewett, H. C. Rarington, Gene DeBra, Percy Phoenix, Frank (Spoke) Laski, W. H. Tolson and C. A. Curtis.

For the present, the unit will function independently of any other home defense units in other cities, according to its commander.

British Blondes Learn Khaki's Not Their Color

LONDON (U.P.)—Blondes are going to turn pink, because they have found out that their soldier boy friends prefer brunettes or chestnuts—or pinks.

Not blondes, for khaki and blonde don't go together too well. The new pink fashion is rapidly becoming popular, especially among women in uniform.

The new pink tint is the invention of a West End hair stylist, who said that uniforms are playing a big part in hair fashions.

Torrance Hi News Notes

By ELIZABETH FISH

—Torrance Herald Photo

For the second successive year the "Torrance Hi News Notes" published in The Herald are being written, beginning this week by Elizabeth Fish, 16-year-old daughter of Mr. and Mrs. A. L. Fish of 1408 Engracia avenue.

She is a senior at Torrance high and intends to become a newspaperwoman. "Betty" briefs her reports into interesting, well-written paragraphs which will be a regular feature in The Herald which welcomes her back on its staff.

IMPROVEMENTS . . . While we were vacationing, carpenters and painters were busy at T. H. S. A new ice cream stand was built. The science building was redecorated. The sewing room is now a lovely green and the kitchen an eggshell. The library has new lights which will facilitate studying as they give seven to eight times more light. A text book room will be added to the library, the necessary space being taken from the back part of the study hall. Miss Elizabeth Parks' office and the attendance office have been remodeled and the old sunroom above the girls' gym is being glassed in.

TRAVELS . . . The second week of school has found many interesting happenings that took place this summer. Practically every spot in California was covered by some member of the student body. The most traveled area was the 25 miles between San Pedro and Catalina. Catalina seems to be the favorite haunt of T. H. S. students. Those who visited the island were Shirley Gutfelder, Jenoyne Barkdull, Agnes Sopotinsky, Billy Parton, Donnie Robinson, Burman Ingram, Clyde and Bud Anderson, Boyd Coast, Harriet Pogors, Ruth Pankey and Ethyl Shim-mich.

The beach was strewn with

Torrance Blvd. Improvement Authorized

(Continued from Page 1-A)

with roll-type combination curbs and gutters, a 32-foot street on each side of the center strip providing for two 12-foot driving lanes and a 10-foot parking lane on each side; asphalt resurfacing to Madrid avenue and Portland concrete surfacing from Madrid to Elm street.

Reports on City's Suit

The center "islands" are to be landscaped, conduit installed for installation of pendant-type lights if funds are available, water pipes installed for a sprinkling system.

Improvement of Torrance boulevard was one of the projects sponsored by the Torrance City-Wide Improvement Association, formed in April, 1939. Former Mayor William H. Tolson had listed that boulevard improvement as one of the essential civic projects early that year.

Concerning the present status of another long-awaited street betterment, the acquisition of the P. E. right-of-way in the center of Cabrillo avenue and resurfacing of that street from curb to curb, City Attorney John E. McCall informed the council this week that:

All but two of the defendants in the condemnation suit being brought by the city to obtain a clear title to the right-of-way for \$8,065, have been served. One is in San Francisco and the other is in New York. McCall said he expected that service of the necessary legal papers would be completed in the near future and the suit scheduled for court action.

Torrance students who did nothing but bank in the sun all day long. The so-called "beach rats" were Shirley Hudson, Lolita Newman, Ruby Benner, Phillip Wade, Anne McAnally, Reba Mathews, Margie Rusk, Robert Ernest, Ormsby Miller and Richard Ormsby.

There was a scattering of T. H. S. students all over the U. S. Richard, Paul and Stanley Pearson visited in Washington, Richard liked it so well he stayed over when the family returned and just arrived home last Friday. Enid Weiss and Charles Ritchey were in Indiana. Barbara and Kay Quimby were in Minnesota. Lois Severin and Marian Robinson visited in Utah. Ben Prime spent a month in Chicago. Mary, Dorothy and Sammy Intermill visited in Michigan, Ohio, Indiana and Iowa. They were en route home when an accident occurred and Mary spent a week in a hospital at Ft. Dodge, Ia. Doris and James Daniels recently returned from Texas. Joan Ramskill toured in Canada. Betsey Ruth Morzan did likewise, going to Toronto.

The mountains of our own state were not slighted. Yosemite was visited by George and Gloria Snow. Maxine Pruitt, George Winters, Anne Thomas, Eleanor and Edna Lukes, Sequoia was toured by Thomas Zimwalt, Pauline Deslaigne, Ernestine Mauk, Shirley and Phyllis McVicar and Winifred Smith. Others who just rested up in the mountains were Dore Disario, Betty Pearson, Red Briggs, Willard and Elizabeth Fish.

The fairs were not slighted either. The New York fair was seen by Evelyn Claves, while the San Francisco Exposition was visited by Joyce Robinson, Anne Thomas, Virginia Zamperini, Jack Jensen, Margaret White, Dorothy and Vera Weber.

There are also "Get Ahead Students." Lillian Prince studied during this summer and Mina Homell attended summer school. Mary and George Walls are working in the Torrance theatres. Bud Anderson is now working at the Torrance "76" service station. Howard Foster, Harry Hiller, Dick Leech, Ernest Banks, Conrad Christensen, Bill Johnson, Ayako Honda and Helen Thompson combined their summer with working and trips to the beach.

SWEATERS . . . The class of S'41 held its first meeting as seniors Monday. The all-important question was sweater material, style and color. It's all a deep, dark secret at present—just wait!

PRINCIPAL . . . We are pleased to see our principal, Thomas Elson, looking like his old self. The summer vacation certainly did things for him. It's all because he "just rested and took things easy," he says. His plans for a fishing trip were dropped when he was summoned to Sioux Falls, S. D., because of illness of his grandson.

Two-thirds of the entire population of Australia has savings accounts of about \$1,000 per capita.

Evening School Classes Are Still Enrolling Here

The new fall term of the Adult Evening school is now well under way but new enrollments are being taken each Monday and Wednesday night. A new advanced First Aid course is being organized. Interested persons, especially those who took the work last spring in Chris Hartford's

class, should enroll now in order to get in the number of hours necessary to receive the Standard Red Cross certificate to be awarded at the end of the course. Those who cannot come to the high school on Monday or Wednesday night to enroll, should see Mr. Chief McMaster at the fire station.

A new class in Civil Service Preparation and Elementary Review is being formed. All instruction is free of charge. All persons 18 years of age or older may enroll. Telephone Torrance 645 after 5 p. m. for full information.
