Fitts' Re-Election Is Forecast

Endorsed by men prominent in both major political parties, in non-partisan statements; by civic leaders from all parts of the county and by chiefs of police of 35 cities in the county, the re-election of Buron Fitts, as district attorney, next Tuesday was forecast this week by political seers.

Fitts' campaign, it was said at the Long Beach headquarters for south Los Angeles county, has won the admiration of those who, at its beginning, were neutral. Letters and telephone calls have poured into the office condemning the false personal attack on Fitts and lauding him for not entering into the personal "mud slinging" which has characterized the campaign against him.

The unsolicited endorsement of 35 chiefs of police from as many Los Angeles county cities, praising Fitts' conduct of the office of district attorney and pledging their aid for his re-election, drew comment from Harry Albert, chairman of the south Los Angeles County committee for Fitts, that "These men are activated only by their knowledge of Buron Fitts as an able law enforcement official. That they voluntarily pledged their support is mute testimony to the fact that Buron Fitts is the man the voters should return to the office next Tuesday.

"Buron Fitts has conducted a clean campaign in a non-partisan manner for an office the law says is not-partisan and has thereby set an example in law obedience which might well be emulated. We are confident Buron Fitts will continue to be our district attorney."

Hauge's Work Held Benefit To Taxpayers

There's nothing like having a good "business man" on the Board of Supervisors, especially when it comes time to pay your taxes, it was pointed out this week by H. K. Shellaby, campaign manager for Supervisor Oscar Hauge, incumbent candidate to succeed himself in the fourth district.

Taxpayers in the fourth district will receive their tax bills for the current fiscal year late this week, according to an announcement from Dr. Hauge.

Enclosed in the tax bill will be a pamphlet calling attention to the fact that the rate for general county purposes has again been reduced. This is the second time the county tax rate has been cut since Dr. Hauge has been a member of the Board of Supervisors, Shellaby stated.

Deserves Re-Election

These tax reductions have come only through rigid budgetary control by the Board of Supervisors and have not impaired or eliminated any essential function of service. These reductions were also made in the face of mandatory increases for aid to the aged, blind aid and orphan aid.

It is no secret that the general trend of all governmental taxation is upward, further emphasizes the successful business management of the present Board, Shellaby said. All of which is a strong reason to retain Dr. Oscar Hauge as Supervisor in the fourth district at Tuesday's election, Shellaby pointed out with emphasis.

Daylight Saving Up for Sixth K. O. from Voters

A proposal that has been defeated once by popular vote and five times by vote of the state legislature appears again on the ballot Nov. 5. It is the so-called Daylight Saving act, a law to set ahead the clock by one hour during the summer months. Proponents argue that thus we will create an extra hour of daylight leisure for ourselves each year from May through September.

Daylight Saving was imposed on the nation by an act of congress during the 1917-18 war emergency in an attempt to conserve electric power. It was repealed promptly in 1919 after the emergency, because of its general unpopularity. California is one of the states in which it was least popular as witness the total failure of repeated attempts to re-establish it.

In 1930 when the proposal was on the ballot it was defeated by a ratio of more than 3 to 1. Nearly a million votes were cast against and only 317,890 in favor. Not one county in the state voted for Daylight Saving. Many counties rejected it by votes of 10 to 1.
