

SPELLING SAFETY... are the cars with two sets of brake and clutch pedals which Pontiac Motor Division has placed at the disposal of the American Automobile Association for its driver training courses in American high schools and colleges. Above are 15 of the fifty 1941 models that have just been placed in service, bringing the total up to 157 since Pontiac started this cooperative program. Up to the present school year, dual control Pontiacs have been used in 112 high schools and 53 colleges where driver training courses are conducted by the AAA.

Walterians Unite for Recreational Projects in 1941

Amid abundant rain—both inside and outside the Walteria Recreation building whose roof leaked like the well-known sieve in more than several places, 100 residents of that community considered the problem of recreation facilities for adults and children Monday night at the invitation of Judge Robert Lessing, head of the Torrance Coordinating Council.

The dinner-session—after several tables had been moved out of the range of the larger streams from the roof—produced great interest in the recreation project outlined by Attorney Charles Mitschrich of Torrance and Judge Lessing. Most of those present signed a petition which will be presented to the Torrance city council demanding action on the proposed Walteria recreation building and library and endorsing the proposed Boys' Club project for Torrance.

A number of Walterians expressed the opinion that: We know what we want but it's most difficult to convince the Torrance council that we need it. Edsel Newton agreed to head a committee that will enlist the support of all Walteria residents and organizations in a concerted move to acquire the proposed improvements.

President Effie Palmer of the P.T.A., was in charge of plans for the dinner-gathering given by the Torrance Coordinating Council.

20-30 Club Elects Officers

Members of the Torrance 20-30 club elected the following officers to serve for the next six months recently: Henry Carlson, president; Clarence Bay, vice-president; Walter Amysrud, secretary-treasurer; Willard Barnett, sergeant-at-arms, and Roy Reynolds, Cecil Powell and Jim Seeds, directors. Installation plans are being made for the induction in the near future.

Willard Barnett's initiation into the club has been tentatively set for tonight. "Barney" as the city motor officer is better known, was elected sergeant-at-arms because of his knowledge of "law and order." Five members of the local club attended the semi-annual district educational meeting held recently in Yuma, Arizona. They were Ellsworth Clark, George Figueredo, Henry Carlson, Clarence Bay and Walter Amysrud.

There are Scandinavian, French and ancient Egyptian legends which claim to have given the Christmas tree to the world.

Steelmaking Capacity Raised by Building New Electric Furnaces

Caroling Council Can't Cause Commotion Coming to Conclave

If members of the city council enter the council room singing a Christmas carol at their next meeting no one will be surprised.

The city board's session will be held next Wednesday—Christmas Eve.

According to law, the council must assemble every second and fourth Tuesday night of the month except when those dates are legal holidays.

"Yes, the council will meet Christmas Eve—but I'll bet my supply of Christmas neckties it will be a very short session," City Clerk A. H. Bartlett said today.

Parole Breaker Gets Another Chance

Altho his two-year probation period had expired only two days before his arrest at the Redondo Beach city jail for violation of that parole given Judge Robert Lessing, William C. McCarthy, 54, of Redondo Beach, admitted to the local court this week that he had broken his word and consumed liquor during that period.

He had just completed serving a sentence for intoxication in Redondo when re-arrested for the local court. McCarthy pleaded that his wife purchased the liquor and indicated she "forced" him to drink it. Judge Lessing extended his probation one more year and informed McCarthy that if he drank during 1941 he would be liable for a \$100 fine or 60 days in jail.

Open Evenings Until Christmas

Fire Chief Lists Yule Precautions to Prevent Fires

Crisp cold days, falling snow and the sound of sleigh bells are not necessary for Southern Californians to realize that Christmas is near. Decorated streets, store windows, and crowded shopping centers all indicate the

spirit of Christmas. Throughout the residential districts "Outdoor" live Christmas trees are being illuminated. Cut trees for indoor use are being sold in all parts of the city. "We cannot think of Christmas without thinking of a Christmas tree," said Fire Chief J. E. McMaster as he listed some of the holiday fire prevention precautions which are as follows: Use Non-Flammables "If possible have an outdoor live Christmas tree for greatest safety and for all to enjoy.

"If you must have an indoor Christmas tree get a fresh and green one. The longer it is cut the drier it becomes and the more readily it will ignite. "Place the tree as far as possible from heaters, fireplaces, and stoves. "Keep the tree well away from means of egress, such as outside doors, stairways and main hallways. "Use only non-flammable decorations, such as glass and metal ornaments, tin or metal foil streamers, rock wool or as-

bestos fibres instead of cotton, non-flammable artificial snow bearing safety labels. "Remove Tree Promptly "If you use paper for decorations, streamers or festoons: Get the type that has been flame-proofed. "Be careful about lighting matches or smoking near tree, trimmings, or presents. "Remove and dispose of all wrappings from gifts promptly. If burned in fireplace, stove or incinerator, do so in small quantities for safety.

"Remove the tree as soon after Christmas as possible for greater safety. The giving of gifts to the poor originated with the belief that the Christ Child sometimes came to the door as a beggar.
