LET'S TAKE THE LID OFF THE SECRET OF GOOD COFFEE!

Why make a mystery of successful coffee? There are just a few simple facts to keep in mind—then you'll brew coffee of magnificent flavor every time! First, you must start with fine coffee beans. That's why A&P has its own resident buyers in South America to buy the pick of the plantations.

Next, after skillful blending, coffee must be roasted precisely to the flavor peak. That's why A&P uses flavor-control ovens that work automatically, and roast each batch to just the same perfection.

Then, coffee must reach you fresh . . . so A&P Coffee is sent to our stores only in the flavor-sealed bean, and ground only at the moment of purchase.

Finally, coffee beans must be ground exactly right for each type of coffee pot, or else you lose much of the fine full flavor for which you are paying. Hence, A&P Coffee is Custom-Ground for your own coffee-maker. You get all the fresh, magnificent flavor of coffee at its best!

There are three A&P Coffee blends to suit every taste; Eight O'Clock, mild and mellow; Red Circle, rich and full-bodied and Bokar, vigorous and winery. Try your favorite blend today!
