Hollywood Park Enthusiasts

One of filmland's most constant twosomes, Lana Turner and Tony Martin, view the races from a finish-line box at Hollywood Park, Inglewood, where the fourth season of summer racing is now in progress. Miss Turner wears a black crepe dress, printed in huge white bowknots, and her chic pompadour hat is fashioned of red poppies and a green veil that lies under her chin. For the next two months, the beautiful-Turk Club will be the daily meeting place for leaders in the cinema and social sets.

COW CAUSES CONFUSION... "COW KICKS THE BUCKET"—headline. As a result of a mix-up with the family cow, P. O. Meacham is walking on crutches. While Meacham was milking, the other evening, the cow got her feet tangled in a chain and fell over, flattening the pail, and incidentally the boss. In the scramble, Meacham's ankle was dislocated.

COMING FROM BOSTON... Mrs. V. Piatsnisky has received word that her sister and family Mr. and Mrs. Fred Schwartz and two sons will leave Boston soon for Lomita.

BIRTHDAY PARTY FOR JUNE... A number of little friends met Saturday afternoon at the home of Mr. and Mrs. Jack Theaker to celebrate the birthday anniversary of little June.

TRIPLE CELEBRATION... A triple celebration was held Sunday at the home of Mrs. M. E. Phillips in honor of the birthday anniversaries of Mrs. J. Shelhart, Orville Shelhart and Mrs. Phillips.

YOU ARE ENTITLED TO HAVE YOUR COFFEE CUSTOM GROUND!

2 1-LB. BAGS 27¢

If you're going to get the full fine flavor out of coffee—and that's what you pay for—then your coffee must be ground to just the fineness required for your type of coffee pot. Or—to use the A&P term—it must be Custom Ground for you. Here's the reason: The different types of coffee pot bring hot water into contact with coffee for different lengths of time, as follows...

In Regular Pots, boiling water is in constant contact with coffee... hence, you should have A&P Coffee ground coarse. Percolators force the water over coffee only intermittently... so have your A&P Coffee ground medium. In Drip Pots, water goes through the grounds only once... so A&P Coffee should be ground fine. In Vacuum Pots, the contact of water and coffee is briefest of all... so have your A&P Coffee ground extra fine.

Be sure to tell the clerk in your A&P Coffee Department the type of coffee pot you use—then the fresh coffee beans will be Custom Ground exactly right, so that you'll get all the magnificent flavor.
