Ice Cream Cakes
Presented by Mary Lee Taylor, September 16, 1951.

1/4 cup Vanilla Milk 6 slices plain loaf cake
1 package vanilla ice cream powder 1/2 cups drained, fresh or canned (No. 2 can)
1/4 cup cold water 1/2 cup vanilla

CHILL 1 cup milk until icy cold. Meanwhile, put ice cream powder in bowl. Stir in gradually a mixture of remaining 1/2 cup cold milk, the water and vanilla. Chill thoroughly. Whip chilled milk with rotary egg beater or electric beater at high speed, until stiff. Fold into chilled milk mixture. Freeze, without stirring, in mechanical refrigerator tray at coldest temperature, or in a mold buried in a mixture of 3 parts crushed ice to 1 part ice cream salt. Arrange slices on individual serving dishes. Arrange drained peaches in circle on cake slices, spreading evenly. Put equal portions of ice cream in center of peaches. Serve at once. Serve 6.

If Jell-O ice cream powder is used, you will need 1/2 cup.
