

### Die in Wreck of TWA Airliner

Captain Wayne C. Williams, pilot who flew more than a million and a half miles, and Hostess Alice F. Getz, 25, died in crash of airliner in mountains near Las Vegas, Nev., in which Film Actress Carole Lombard and 21 others lost their lives.

### Bids Due Today on 400-unit Housing In Harbor City

Bids were scheduled for opening this afternoon (Thursday) for construction of a 400-unit housing project for defense workers, to be built in the Los Angeles shoestring annexation strip in the area known as Harbor City.

Bids are to be taken by the Housing Authority of the city of Los Angeles, acting as agent for the Federal Works Administration. The site embraces 37 acres and is bounded by 253rd street, Petroleum avenue, 254th street, Marjold avenue, Pacific Coast (101) Highway and Vermont avenue.

Plans have been prepared by Architects Associated, comprised of W. L. Risley and Stanley R. Gould. Specifications call for 80 five-unit buildings, each to contain three two-bedroom units, one three-bedroom unit and one one-bedroom unit.

Frame and stucco construction is specified, with asphalt roofs, and an asphaltic concrete parking area. Eight contracting firms had obtained plans at the opening of the week, and 10 others were figuring bids on the grading of the site.

### Narbonne Grad Is Flying Cadet

Frank O. Hincley, graduate of Narbonne, 1936, is now stationed at Fort Knox, Kentucky. He enlisted in the Air Corps last May and entered upon a stiff night school course given in Los Angeles for enlisted men who had not attended college. He passed examinations for Flying Cadet, and while awaiting orders from Washington, D. C., through error he was sent last Wednesday with the selectees to Fort MacArthur.

A few hours later his orders arrived by letter and the last minute orders stopped the sending to other camps of the group who were destined for Fort Knox. After a year's training the Flying Cadets receive their second lieutenant commissions in the air corps.

Frank was a popular student and letterman at Narbonne. In the past six months he has completed the work of two college years in mathematics and history. Since graduation from high school he has been associated with his mother in conducting the Hincley Market.

### Defense Council Partly Formed; No Control Yet

(Continued from 1-A)  
The duration of an alert in the Control Center located in the directors' room of the former Chamber of Commerce building

on El Prado. Their regular duties during an emergency or any other time keep them "on the outside."

However, if and when the council completes its formation of the city Defense Council it may get around to assisting in the organization of the Control Board and then some changes may be made.

### H. C. SEWER PLAN OKAYED

According to a decision of the city council, property in the Belleporte ave. and 280th st. sewer district, is able to carry assessments necessary to pay

for the proposed new sewer system. Protests placed before the council showed that out of a total of 481 parcels only 20 parcels were represented in the protest. By a four-fifths vote the council decided in favor of the project.

The city engineer's estimate of cost is \$64,572 which would be carried out under the 1931

and 1911 majority protest and assessment acts. Instead of the cost being much greater than as estimated under W. P. A. labor setup the figures of the city engineer vary but little from the original estimate.

The project will complete the sewer project started in Harbor City in 1935 under W. P. A. setup and discontinued in 1936,

leaving the southwest section without sewers.

The lure of the city was stronger among young women than men in rural districts. Census reports show that one-half million more females than males between the ages of 20 and 24 migrated to cities from rural areas in a decade
