WAR WORKER GIRLS IN UNIFORM—Eight young women employees of the Philadelphia Ordnance District Headquarters are shown in their new uniforms which they designed and purchased with their own funds. Wearing of the uniform is optional, but many girls prefer it because it is practical and military in appearance.

Local Car Dealers Have 71 New Autos In Stock; Await Orders Relaxing Priority Restrictions

It's going to be easier to buy a new car from now on, at least as long as the current stocks last.

Torrance motorists and motor car dealers are awaiting with keen interest the arrival of new instructions from Washington which will relax the present restrictions on the sale of new automobiles, which has been virtually at a standstill since the first of the year.

"Announcements this week in Washington by O. P. A. officials made it clear that it was never intended to restrict new car sales as drastically as that," said a spokesman for the local dealers today. "The rules laid down for the local boards to operate under worked too well. They were intended, of course, to see that the new cars went into the hands of buyers making the most vital contribution to the war effort, and who were most in need of new cars. But at the rate at which they have been released here for the past three months, the present stock of new cars in dealer hands here would have lasted for nearly 9 years."

"There will be no addition to the present list of purchasers eligible to buy new cars. But the Washington announcement stated that the present rules will be relaxed to permit the sale this year of at least 340,000 new cars.

"Many local people whose work has made them eligible have applied for certificates to purchase new cars in the past few weeks and have been refused. It is hoped that they will make another application after the new rules have been received. Torrance dealers will be glad to give any information or help that they can to such applicants, or to anyone who is interested in the purchase of a new car."

Salvation Army Appeals for Used Wearing Apparel

The Salvation Army Social Service Department this week appealed to citizens of Torrance and vicinity for discarded materials. At the present time the Salvation Army is in special need of warm clothing, bedding, men's, women's and children's underwear, and especially children's shoes. The stock of children's shoes, boys' and girls' clothing is diminished.

Brigadier Sydney L. Cooke states that never before has there been a more pressing demand for these articles. "It is through the generosity of the public that we can maintain our relief program," he said. "We are asking the citizens of Torrance and vicinity to donate their cast off clothing and bedding to enable us to meet the demand. Many families obtain their entire wardrobes at the Army's Social Service stores. Needy cases are taken care of without charge."

"Our trucks stand ready to call for anything you can spare from your household or wardrobe. Call the Salvation Army at 1309 Post ave., phone 883, and we will send a Red Shield truck after your goods."

The secret service was established by congress in 1884 to suppress counterfeiting. It did not take over the job of guarding the president until after the assassination of William McKinley in 1901.

Ambulance Fund Half Completed

Having advanced their ambulance fund campaign past the half-way mark, directors of the Torrance Kiwanis club have begun discussion of the type of vehicle to be purchased. The fund now totals \$521.89 and \$1,000 will be needed to purchase and convert a new panel delivery truck for emergency use here by the city and Red Cross.

RETURNS HOME Mrs. D. H. Storm, who has been visiting at the G. W. Dolton home, has returned to Klamath Falls, Ore.

collections from milk bottle containers spotted throughout the business district are added to the fund at regular intervals. At the club's dinner-meeting Monday night, Logan R. Cotton, lieutenant-governor and Redondo Beach resident, was an honor guest.

Ask Blood Donors To Sign Pledges

All residents desiring to contribute their blood when the Red Cross Mobile Blood Donor unit visits Torrance May 11 should call at the Torrance Red Cross headquarters in Steelworkers' hall on Cravens avenue across from the fire station and sign pledge cards at once. Each one will be assigned a specific time when he is to report for the minor transfusion.

SHARKS FOR U. S. Fishermen in Mexico are busy catching sharks to send to the United States.

Mrs. R. R. Smith, local Red Cross chairman, announced today that an Advanced First Aid class will start in a few weeks and those interested in enrolling should call 1524 or 850 now to leave their names and addresses. Fred Folts will be the instructor.

NEED MORE STUDENTS More members are wanted for the first aid class which is held every Wednesday morning at the Fern Avenue school from 9 to 11:30 o'clock. Next Wednesday, April 22, is the last day new students may enroll for the training offered under direction of Walter Griffin.

LEAVING TORRANCE Mr. and Mrs. Frank Krelkow have sold their home at 2203 Caron st. and will move this week to South Gate.
