3/4 cup water 1 package lemon or orange flavored gelatin
1/4 teaspoon salt 1 1/2 cups canned, sliced peaches
1/2 cup Pet Milk 2 cups cooked rice

Mix together water, salt and lemon rind. Heat to boiling point. Add gelatin and stir until dissolved. Drain peaches and save juice. There should be 3/4 cup juice. If not, add water. Add peach juice to gelatin mixture and cook. Then stir in milk. Chill until mixture begins to thicken. Cut half of the sliced peaches into small pieces. Chill remaining slices until needed. Whip chilled gelatin mixture until fluffy. Then fold in cut peaches and cooked rice. Continue chilling until almost firm. Then divide among 6 dessert dishes. Garnish tops with chilled peach slices. Chill until firm. Serves 6.
