King Supporter Says Candidate Is Qualified

That lack of representation in the 17th Congressional District for nearly a year has cost residents thousands of dollars in government contracts, new business, and added public facilities to take care of its expansion as the largest all-out-war effort in the United States was charged today by supporters of Cecil R. King, candidate for Congress from the 17th District.

"It will take an exceptional man to make up for the damage that this lack of representation has already caused. It will take a man who is versed in government procedure—who has legislative experience and knows the legislative ropes. It will take a man who understands the peculiar problems of the district where the war effort is so intense. It will take a man who has the knowledge of what the district needs, the initiative to put the program across, and the experience to see that the job's done right," Joe Cratigo, prominent 17th district business man, stated.

"Such a man is Cecil R. King. He has studied the problems of this district thoroughly. He has had ten years of experience in the Sacramento State Assembly from the 6th district. He is particularly attuned to the special problems created by war—he is chairman of the Assembly's Military Affairs Committee and a member of Mayor Bowron's Los Angeles Defense Council.

King, who is endorsed by labor, veterans and other organizations, may be heard over KFVB tonight (Thursday) at 8 p. m.; Friday at 9:15 p. m.; Saturday at 8 p. m.; Sunday at 7 p. m., and Monday, August 24, at 9:15 p. m.

First Things Come First War Calls Must Go Through

A cherished tradition among telephone men and women is that "the message must go through." War messages for the sake and safety of all of us must go through first.

The demands of War are placing a load on our Long Distance lines often beyond their capacity. It is impossible to build more switchboards and lines because materials such as copper must be used in making munitions and weapons.

You who use the telephone in these critical times can aid in getting War messages through promptly and in cutting down possible delays on your own essential calls if you will—

- Be brief—Plan what you want to say.
Make calls only that you find essential.
Place your calls by number and use station-to-station service.
Answer your telephone promptly.

Your cooperation in these simple matters will make possible the maximum use of existing voice highways. Thank you for your help.

Moore Receives Backing On His Pension Stand

Gaining wide-spread support among senior citizens because of his stand in the matter of adequate Federal pensions for senior citizens, George H. Moore, president of the Los Angeles harbor commission, and candidate for the 17th congressional district office, today intensified his effort as the campaign entered its final week.

"Any man or woman capable of qualifying as a citizen, and who has contributed to the nation's wealth and development is certainly entitled to the nation's protection and adequate social benefits in declining years," said Moore in a recent radio broadcast to voters of the 17th district.

A life long Democrat, Moore is filed only on the Democratic ticket in the regular primary election, which is not to be confused with the special election on the same date, which is only for a four months' term.

I KNOW IF HE IS ELECTED AND BECOMES OUR REPRESENTATIVE AT WASHINGTON, THE INTERESTS AND WELFARE OF THE ENTIRE 17th CONGRESSIONAL DISTRICT WILL BE HIS FIRST CONSIDERATION AT ALL TIMES.

17th district.

Moore, who has been a judge; a legal advisor to boards of supervisors, city councils and other public officials; a member of the advisory council of the State Employment Act, and a teacher of adult education in the Los Angeles city schools, is well qualified to look after the interest and welfare of the great Los Angeles harbor, his friends assert.

A life long Democrat, Moore is filed only on the Democratic ticket in the regular primary election, which is not to be confused with the special election on the same date, which is only for a four months' term.

High Sierra Fishing Improves

Although fishing in many lakes and streams of the Inyo-Mono area has been slow the past two weeks due to hot weather and the full moon, the middle of August is an ideal time to visit the district. The run-off in the streams will be over, the moon will be dark or in its first quarter and there

should be sufficient fly hatches out to keep the fish on top of the water.

For those not wishing to drive, a stage line operates through Bishop to Reno on a convenient schedule and most resorts will meet guests at stage stopping points along the main highway if their stay is a week or longer.
