JIM WHITE is any Edison employee. Jim does not think of himself as a hero or a soldier. He is, nevertheless, a fighter for freedom, for he and thousands of Edison employees keep flowing night and day the electric power which is the life-blood of our war industries.

Edison was ready when Southern California industry began its important part in the war production. Only the American Way could have anticipated and organized for such a need as Southern California now serves.

With two interruptions—in 1930 and 1932—Torrance and Gardena have been battling on gridirons since 1928 and tomorrow's game is their 12th meeting.

Gardena has won six times and tied one (7-7 in 1940). The 1937 game was actually won by Gardena but use of ineligible players cost the Mohicians that year's tally via the forfeit route. Torrance defeated Gardena last year by the narrow margin of 7-6. The two teams will meet for a second game this season on Nov. 19.

THE OFFICE OF DEFENSE TRANSPORTATION states that week end travel must be reduced. Only so much transportation is available, and war service must come first. Transportation facilities are being stretched to the limit. New buses are difficult to obtain. Unnecessary bus service is being eliminated to meet the ever growing demands of the armed forces, war workers, and others who must travel to help win the war. Hundreds of our men, who used to serve you, are now in the military service (and we're proud of them) creating a serious shortage of trained personnel.

The time has come when every American must realize that pleasure travel is a peacetime luxury.

Greyhound is committed to the vital job of providing one service only-essential transportation.

If You MUST Travel, Follow These Suggestions:

\* Ride on Tuesdays, Wednesdays, Thursdays-leave week ends for men in uniform and war workers

\* Get tickets and information well in advance.

\* Take as little baggage as possible.
