**SCRAP**

**Before the Snow Flies**

We've all heard a lot lately about the need for scrap metal. Probably you've already done something about it. But every one of us has got to do more. *Much* more. AND DO IT QUICK!

**Here's Why**

This war is swallowing steel like a quicksand. We need scrap metal to make steel . . . steel for more tanks . . . more planes . . . more ships . . . more guns . . . and more shells. It's our job to supply our boys and allies with all these things they *must* have to smash the Axis on land, at sea, and in the air.

**Scrap Is Precious**

Steel for tanks, planes, ships, etc., is made by melting old scrap metal with pig iron—about half and half. The pig iron is made from iron ore that comes from mines. But that precious scrap—THAT'S got to come from us folks here on the Home Front.

**What Is Scrap?**

Scrap is ANY old thing, made out of iron or steel, that we don't absolutely need. It is anything from a hairpin to a busted steam boiler . . . from a paper weight to a cracked rail. It is old machinery, pipe, tools, flat-irons, auto parts, screws, nuts, bolts, bathrubs, lawnmowers, stoves, tanks, metal barrels, iron fences—and what have you.

**Where Is It?**

This old scrap is everywhere. It is in cellars, attics, closets, alleys, auto graveyards, fields, garages, barns, and factories. We've all got SOME, be it little or much. A typical town family is said to have about 70 pounds lying about; a farm family, nearly 750 pounds. In ten months after Pearl Harbor the Santa Fe scrapped together 210,716,000 pounds of scrap. A pound here, a ton there. That's how it mounts up.

**Scrap Means Steel...Steel Means Victory  
Sell It or Give It...But Get It In**

Steel is the only language those bandits in Tokyo and Berlin understand. Let's give them plenty of talk . . . in their language. Every county, city, and town is having a scrap drive. Watch your local newspapers on how to get in it. Sell what you have, or give it away—but get it in! And now's the time, before snow flies! Your scrap can save American lives and help shorten this war. Every pound you turn in helps.

**Torrance and Narbonne Lose;  
San Pedro Forfeits Victory**

Both Torrance and Narbonne ran into stiff opposition last Friday and lost their Marine League games—Torrance to Gardena 7-0 and Narbonne to Banning 7-6. San Pedro, which drew a bye, was forced to forfeit its 19-0 victory over Banning Oct. 9 because the Pirates used an ineligible player, it was ruled this week.

Banning thus holds top spot in the Marine League grid ratings going into the third week of competition. All other teams have lost one game. Today the Bee teams are playing—Torrance at Banning and Narbonne at San Pedro. Friday's varsity engagements, starting at 2:30 o'clock, are: Banning at Torrance and San Pedro at Narbonne with Gardena resting.

John Nikevich, Banning tackle, is credited with upsetting the strong Gaucho eleven last Friday at Banning field. He booted home an extra point in the first quarter following Bob Helm's touchdown and it was this point that gave Coach Vmce Carrese's Pilots the 7-6 victory over Narbonne.

**Tie Attempt Fails**  
Recovering a Narbonne fumble on the Gaucho 13-yard stripe early in the game, Banning lost little time taking full advantage of the break and had placed the oval in pay dirt just four plays later. Helm packed it over on an end around play. Then Nikevich did his stuff to put Banning out in front 7 to 0. Narbonne missed a chance to tie up the count in the closing chapter when a sustained drive, carried 73 yards to pay dirt, Jim Asher rammed the line for the final four yards but Ray Cheek's attempt for the extra digit was blocked. Lineups:

Team	Won	Lost	Pts.	Opp.
Banning	2	1	8	6
Gardena	1	1	7	7
Narbonne	1	1	13	7
Torrance	0	1	0	7
San Pedro	0	1	0	1

**Bowlers Scheduled for \$100 Match**  
Four local bowlers are scheduled to meet in a doubles match next Sunday afternoon at the Torrance Bowling Academy, 1953 Carson st., for what is announced as "a \$100 match." The contenders for the purse are Gus Dedos and Bud Flatry who will take on Larry Summers and Louie Weiss. The public is cordially invited to witness these kegler's in action.

**BUILDING DUPLEX**  
Wendell Forgie is building a two-family frame stucco residence unit at 821-25 Sartori ave. The building permit issued this week was for \$4,500.

**ADDING TO CHURCH**  
A reinforced concrete addition is being erected at the Four-square Gospel church, 1207 El Prado. The addition, 14 by 40 feet in size, will be used for an assembly room. Cost of the work is \$900.

**Tartars Hold Lead in Series With Banning**

Torrance gridlers hold the upper hand over Banning's Pilots—if you go by the record books. The Tartar-Pilot clash tomorrow afternoon at the Torrance field will be the fifth between the two schools. Torrance has defeated Banning three times and scored a total of 34 points to the Pilots' 19. Here are the past scores:

Year	Torrance	Banning
1938	7	0
1939	7	12
1940	6	0
1941	14	7

**"From now on I place my own calls"**

"You place them for me very nicely, Miss Gilbert, but hereafter I will call people direct. There is a war on, their time is valuable, and sometimes I do forget to be on hand when you have them on the line for me."

Conserving telephone equipment is of vital importance these days. A call directly placed and quickly completed leaves a circuit clear for someone else. And conserving people's time is appreciated too.

Much as we would like to add new equipment, we join all good Americans in wanting the metals and materials to go into war goods first of all. These materials are Vital to Victory.

**Italian Aliens Now Freed of Regulations**

In conformity with a Presidential directive announced Oct. 12 by U. S. Atty. Gen. Francis Biddle, exempting Italian aliens from alien enemy regulations, Lt. Gen. J. L. DeWitt, commander of the Western Defense Command and Fourth Army, issued Public Proclamation No. 13 effective Monday relieving such persons from curfew and travel restrictions now applicable to them in the several areas of the Western Command.

The curfew regulations revoked by this new proclamation required Italians to be in their places of residence between the hours of 8 p. m., and 6 a. m.

At other hours it limited travel to movement between their places of residence and employment or within a distance of not more than five miles from their place of residence.

Proclamation No. 13 does not apply to, nor in any manner change, the status of German or Japanese aliens, or persons of Japanese ancestry.

**Vote Registration Sets New High**

California had the greatest registration in history when 820,776 voters qualified for the Nov. 3 general election, although the figure announced by Secretary of State Paul Peck showed a gain of only 69,480 over the August primary.

The Democrats maintain their substantial margin over Republicans with a total of 2,300,205, as compared with 1,370,069, representing a gain of 41,305 Democrats over August and 17,062 Republicans.

**WANT CLOTHING**  
Donations of old clothing, tea towels and other old linen are wanted by the Torrance Red Cross. The material should be brought to the production headquarters at the corner of Cravens and Post aves.

**Absentee Ballots Available Now**

War workers and others who may be away from their voting precinct on Nov. 3 may vote by absentee ballot, it was revealed today by the secretary of state. Until Oct. 29 any registered California voter may apply either in person or in writing to the county clerk or registrar of voters for an absentee ballot if he expects to be absent from his precinct on election day or will be unable to go to the regular polling place because of physical disability.

It was pointed out the voter himself is the one who determines whether or not he expects to be absent.

**ERECTING GARAGE**

Leola Johnson is building a 14 by 20-foot frame garage at 20426 Hawthorne ave. The building permit was for \$100.

**BUILDING ADDITION**

Joe Capellino is erecting a frame addition to a poultry house at 17222 Hawthorne ave., at a cost of \$200.
