

Future Seamen Abandon Ship

Cadets at the Merchant Marine Training School at Coyote Point, Calif., shown here learning how to jump from a sinking ship. It's all part of 2 1/2 months training before the lads are sent to sea.

Eippers Join Ranks of Honor Service Families

At least three families in Torrance have three sons each in service while Mrs. Allie West of 1829 Arlington ave., Torrance, and Mr. and Mrs. Clarence Elpper of 25338 Pennsylvania ave., Lomita, have given four sons to the Army and Navy.

Two of the Elpper boys are overseas as corporals. They are Glenn, who is with the Army in Egypt, and Jack, who is with the Army in Australia. Glenn, 25, enlisted about a year ago. He has been in the land of the Pharaohs for three or four months. Jack, 27, has been in the Army about 18 months and "Down Under" for about six months.

Then there is Clarence, 23, and Robert, 21, who enlisted in the Navy together last week. Both entered the service with ratings of 3/c petty officers and both are married.

The Torrance families with three sons each in service are Mr. and Mrs. T. A. "Gus" Bray of 2011 Andree ave.; Mr. and Mrs. E. N. Tomkins formerly of 1811 Gramercy ave. and with the enlistment last week of Berrie Coast, Mr. and Mrs. Clarence Coast of 711 Cota ave., joined that "honor list" of service families.

Youthful Veterans of Army Air Forces

A staff sergeant, a buck sergeant and a corporal shown here celebrating their 19th birthdays at Kelly Field, Tex. The air technicians are Staff Sgt. Del on L. Cain, Sergeant H. W. Whitmore, and Corporal Robert A. Flick, who is from Glendale, Calif.

Herald Stories Lead to Return Of Lost Dogs

Thru the kindness of Herald readers, two lost dogs were returned to their owners recently, indicating both a keen reader interest and an appreciation of the fondness owners have for their pets.

From El Cajon came the following appreciative letter this week:

"I want to thank you for the advertisement which you placed in your paper of last week describing my dog which had become frightened at a motor starting in the Fullerton Oil Fields. When picked up by Mrs. Welpty, the dog instantly answered to the name which you had so kindly placed in the paper. Mr. O'Daniel was notified by telegram and drove up from El Cajon. Nicky has been returned to his home.

Thanking you again for your courtesy, I remain, Yours very truly, (Signed) Mrs. E. H. O'Daniel.

The second pet to be recovered thru the medium of The Herald was Pat, an 11-year-old Boston bull terrier who served as Mrs. Mae Smith's own personal "telephone bell." Pat, who barked loud and long when the telephone rang, wandered down to the Columbia Steel plant. Ralph Davis of 216th st., took him home to keep him from harm and gave the friendly old fellow to a friend in Los Angeles.

When Davis read The Herald's account of how Mrs. Smith, who is hard of hearing, needed her dog, he went to Los Angeles, recovered the animal and returned him to his mistress. Mrs. Davis identified Pat from his response to the ringing of the telephone bell, as reported in this newspaper.

Annual Christmas Seal Drive Launched In County

Charles C. Reed, treasurer of the Los Angeles County Tuberculosis and Health Association, and of its fund-raising subsidiary, the Combined Christmas Seal Fund, offers to Charles C. Carpenter, assistant superintendent of County Schools, Christmas Seal coin boxes to swell the metal salvage collection just begun.

"We are replacing the coin boxes this year with cardboard dispensers to make Christmas Seals available for those who do not receive them when the mail sale starts Nov. 23," Reed said, "and we are glad to add our bit to the County schools salvage drive."

Learning Process Made Easy

Picture to the contrary, Londoners are not all out for burlesue. This is all part of highly graphic lecture on how to save fuel and water. Behind screen of downtown department store window, young lady demonstrates how to bathe without waste of precious hot water.

Original Compositions Played by Palos Verdes Symphony at Concert

First presentation of James F. Howe's latest composition, a "Waltz" to complete his suite of three numbers, by the Palos Verdes Symphony orchestra last Sunday at Hermosa Beach's Pier Ave. auditorium was received with keen interest. Howe's first number of his suite, "In Memoriam," was played by the orchestra about a year ago here at the concert sponsored by the Torrance Rotary club.

Howe, a former Torrance resident, dedicated his "Waltz" to Conductor Josef Pfastler, who orchestrated the composition. Another original number, "Choral for Thanksgiving" by Pierre Lemaire of Palos Verdes Estates was also featured on the concert program Sunday at Hermosa.

MRS. AMERICA - You Can Help Prevent Another Bataan

Your War Job is to help manage the Food Supply so there will never be another message from our fighting forces like this one from Bataan:

"Lack of Food Proved Our Undoing"

FOOD BUYING of American housewives can spell the difference between use and waste, abundance and scarcity.

WHAT WE BUY TODAY determines what we eat tomorrow and what will be available for our fighting men and our fighting Allies.

JUST HAVING OUR FARMERS PRODUCE the necessary food supply will not be enough. We must manage and share the food supply so there will be adequate health and strength among our fighting forces, our Allies and our civilian population.

MORE AND MORE, the housewives of America will be asked to use some foods more than others—foods abundant in supply—foods not needed by the armed forces and for lend-lease.

THE GOVERNMENT is helping to know about the foods that should be consumed on the home front in greater quantity through the Victory Food Special Program. Victory Food Specials are foods not vitally needed by the military or lend-lease. Often these foods are perishable and thus will go to waste if consumption is not increased when marketings are heaviest.

VICTORY FOOD SPECIALS are part of a food salvage program which can help prevent another Bataan!

PREVENTING FOOD WASTE is a Number One War Job in every home. If every housewife in America will inaugurate a campaign to keep the garbage can empty and starve the kitchen sink—if every man, woman and child will follow a "lick the platter clean" policy—MILLIONS OF POUNDS OF FOOD CAN BE SAVED!

EDITOR'S NOTE: Tonight, tomorrow or any time in the near future this city and your home may be bombed. When enemy planes come over, you may expect to hear the crash of high explosive bombs and see fires started by incendiaries.

But do you know that after the enemy planes have been shot down or have flown away, the raid may go on, and on, for hours or even days? The bomb dropped today or tonight may not explode until next week. These are unexploded bombs, the UXBs, perhaps the most devastating and dangerous of all weapons of warfare.
