

Strawberry Crop Less This Year, Prices Higher

The strawberry crop will be short this year in the Lomita-Torrance area. Growers report a blight, the exact nature of which agriculture experts have not determined, weather and labor shortage are responsible.

The first crop is almost over and has been picked mostly by women and students. Most of it has been sold to local markets, although the Army took the crop of one place.

One of the best fields formerly planted to strawberries is now entirely covered with defense construction.

Although the price of berries has been higher than in many years, growers will make small profits, the cost of labor being much higher than in past years.

The recent cold nights have slowed the ripening of the last of the first crop. Housewives who expect cheap berries for canning will be disappointed and had better buy what they find now, growers say.

Arrangements were completed Tuesday by Chief Yeoman Martin Wallace and Manager Hillman Lee of the J. C. Penney Co., store to install a recruiting and information booth in the foyer of the Penney store from 1 to 5 p.m. next Thursday, May 20, and 1 to 8 p.m. Friday, May 21. Narbonne Holds Edge in Baseball Race for Crown

Marine League baseball teams swing into the second round of the schedule today with Narbonne, undefeated in four starts, holding a wide edge in the race. The Ganchos tangle with Gardena in the feature tilt and a victory over the Mohicans will eliminate one challenger and all but sew up the crown.

San Pedro moved into a three way tie for second place Tuesday by walloping Torrance 10 to 1. John Priznich blasted a second inning homer to ice the game for the Bucs after four runs had been counted in the opening canto. Tannehill held the Tartars to three blows.

Games this week were moved ahead one day to avoid conflict with the league track meet slated Friday at Narbonne. Another of the second place teams will be eliminated today when San Pedro engages Banning. The losers will be completely out of the picture, unless something radical goes wrong with the Narbonne outfit.

Although final games in the league are slated for May 28, Narbonne ends its season against Torrance a few days earlier and may even have the pennant clinched before that time.

Many of the Marine League's then will enter the Dorsey Invitational tourney slated for June.

Cocoa Shortage Will End Soon

Local housewives are experiencing some difficulty in getting a normal supply of cocoa and chocolate but the O.P.A. announces it has taken steps to correct this shortage.

It has amended its maximum price rule for the Costa Rican cocoa beans so that Pacific coast importers will pay approximately the same price in Central America as Atlantic and Gulf Coast buyers. The supply is shipped by rail from the growing section near Port Limon to Puntarenas on the West coast of Costa Rica and then by steamer to Los Angeles and other Pacific Coast ports.

Cocoa and its manufactured product, chocolate, play such an important part in the American home, O.P.A. took this step to insure a continued supply. Mrs. America's children will also approve, since it means that their favorite malt shop will again have a full supply of chocolate flavoring syrup.

Church to Elect New Officers and Give Program

Central Evangelical Community church is completing its church year May 31. Election of officers at a brief business session and congregational meeting will be held May 19 at 7:30 p.m. in the Guild hall. The business meeting will be followed at 8 p.m. by an entertaining program featuring Charles Royal of Los Angeles, a humorist much in demand in church, club and U.S.O. work. The public is cordially invited and refreshments will be served.

The church, which is endeavoring to pay off its entire earthquake repair indebtedness by June 1, has made excellent progress in the drive. Fifty per cent of the goal has been reached, leaving a balance of approximately \$800 yet to be raised.

Knife-Maker to Servicemen Gets Nazi Blade

In appreciation of his own intensive war effort—that of making knives for servicemen Lorea (Dick) Bidwell of 1308 Date st., this week was presented with a gift by a sailor friend.

It was a knife, Bidwell, who has made 582 hand-knives from scrap metal and plastics, was glad to get the weapon because it was a war souvenir. The sailor obtained it from a friend who took it off a German in Tunisia.

A trick catch releases an eight-inch blade that otherwise is shortened into the handle.

BLYTHE VISITORS

Corporal and Mrs. Jess Hule from Blythe and formerly of Yakima, Wash., visited Mr. and Mrs. John Stroh and Mr. and Mrs. Carl Benner here this week.

Improvement Order Rescinded by Council; Sewer Plea Rejected

To fix a policy of not installing any improvement which the municipal board believes should be done by home developers, the city council Tuesday night rescinded a recent resolution that curbs, sidewalks and gutters be installed on the west side of Cabrillo ave., near Plaza del Amo where Katz and Pine are planning to build several homes.

The builders had asked the city to install these improvements to meet F.H.A. regulations. At the same time the council voted not to install sewer lines along 203rd st., where the California National Homes plans to erect 64 houses. The sewers were requested by the builders.

Deer, oxen and sheep have four-chambered stomachs.

USE MORE FOODS.. FRESH

It's patriotic to buy vegetables fresh! Not only do you help conserve available supplies of canned foods, but you also provide your family with food that is tops in vitamin values. Get these vegetables with the crispness, sweet flavor, and tenderness all in them. Buy them "farm fresh" at your neighborhood Safeway.

Ways with Fresh Produce

Fresh vegetables and plenty of them keep the nutritional score of your menus high. Vitamins and minerals are really important to the diet now. And fresh vegetables are rich storerooms of these food essentials.

To conserve and profit by these necessary food elements, serve vegetables uncooked in salads or cook them quickly. Vary them too, for appetite interest. Even the seemingly unglamorous vegetables can be turned into dishes of delight.
