Meat Rollback Now in Effect

Reduction of prices to Southern California housewives averaging three cents per pound on all retail meat quotations, conforming to the O.P.A.'s 10 per cent rollback program, went into effect Monday. The new price schedule applies on all cuts of meat with the exception of cured and processed pork.

The effective date for cured and processed pork is set for July 5. The time lag is necessary to take care of pork already in process.

O.P.A. pointed out that the reduction is less than three cents per pound on some of the cheaper cuts and more than three cents on some of the more expensive, with the average "rollback" approximately three cents.

New price charts for butchers were distributed from the local war price and ration boards last weekend.

'A' Gas Ration Forms Available at Stations Here

Application forms for renewing basic gasoline rations are now available at local filling stations and should be picked up by motorists and motorcycle owners as soon as possible. F. W. Daniels, chief clerk of the Torrance War Price and Rationing Board, reminded the motoring public today.

The forms must be filled out and sent to the rationing board in order to get new "A" and "D" coupon books to take the place of present ones which expire on July 21. To save the public time and trouble, arrangements have been completed to handle the renewals by mail, Daniels said.

"Early applicants will assure themselves of getting their new books before their present ones expire," the Ration Board official said. "Mails renewals were planned to make the task of getting new coupon books as easy as possible. There will be no schoolhouse registration this time, and car and motorcycle owners will not be required to come to the Ration Board to get their ration books. The books will be mailed back.

Easily Filled Out
"We hope autoists and motorcyclists will cooperate by not waiting until the last minute to file their applications. This would mean delay and inconvenience to everyone concerned."

The application form, Daniels pointed out, is a simple one that can be readily filled out largely from information on the car owner's registration card and present tire inspection record. Tire serial numbers must also be written in.

This form, when filled out, is to be mailed to the Board together with (a) the back cover of the owner's present "A" book (properly filled out) and (b) the current tire inspection record showing that proper inspections have been made.

Sleepy Defeated by Youngster in Amateur Golf Event

A 19-year-old Amandale golfer who played like a veteran knocked Ray Sleepy, Torrance golfer, out of the running for the Southern California amateur championship at Hillcrest Country club last Friday.

He was Steve Tiberg and he defeated Sleepy 2-1 after the Torrance player had won over John Fulton 4-3 in the first round of the championship flight. Tiberg lost to Smiley Quick 6-5 in the final round Sunday.
