## 40 MILLION FIGHTING DOLLARS TO BUILD A FIGHTING SHIP

### A Beautiful LITHOGRAPH of the U.S.S. LOS ANGELES FREE

A thrilling picture of the U.S.S. Los Angeles in battle dress has been drawn especially for this campaign by Arthur Beaumont, America's foremost naval artist. An original lithograph of this picture will be presented free to every buyer of an EXTRA War Bond this month. Hang it in your window or frame it for your home or office as a permanent memento of your part in building a mighty fighting ship that will proudly bear the name of this community.

Do your part today! Go to any bank, post office, building and loan association, retail store or theatre . . . wherever War Bonds are sold and buy an extra bond this month.

Everywhere on the broad Pacific the American Navy stands on guard gathering its forces for a final attack upon a treacherous foe. But none among our fighting ships bears the name "Los Angeles." This great Pacific Coast community has no gallant cruiser to call its own!

Now the Navy Department has authorized the construction of a new battle cruiser, to be named the U.S.S. Los Angeles — if this community does its part. 40 million dollars are needed to build and equip this cruiser . . . 40 million fighting dollars to be raised in War Bonds by the people of Los Angeles County this month. Every man and woman, boy and girl will want to have a part in building this mighty fighting ship. Everyone can have a part by buying *extra* War Bonds in July.

No matter if you invest \$18.75 or \$100,000, your dollars will help. Three series of War Bonds are available . . . an investment for every purse.
