## Only a Few Tax Deeded Lots Remain Unsold

Most of the properties described in the legal advertising on another page of this newspaper were duly advertised in the Torrance Herald some weeks ago; were offered for sale at public auction, and options were granted by the City Council to purchasers. The present advertising is being run only to comply with the law regarding purchase by the City of Torrance from the County of Los Angeles, and the State of California.

This was done in order that the purchasers could avail themselves of priorities then obtainable, and the necessary processing through the several agencies of the Federal government could be transpiring concurrently with the necessary negotiations between the City, the County and the State; hence, the only properties remaining unoptioned are as follows:

The City will now entertain offers, and sell the above property at public auction to the highest bidder, at any regular meeting of the City Council.

For further details, inquire of Mr. Packard, at the City Clerk's Office, Monday or Tuesday, any time within the next 30 days. July 22-29-Aug. 5.

## Who are non-essential travelers?

You are the judge of whether or not your trip is essential—and your judgment is what our government is relying upon.

Please consider these points when you think of traveling on the railroads this summer and for the duration:

- Your trip may take a Pullman berth or chair car seat needed by men in uniform traveling under orders.
- Your trip may delay war workers, not in uniform, in reaching their vital jobs.
- Your trip may deprive men and women in the service of a furlough trip to visit their homefolks. If you do take a trip, plan for it in advance, travel light, consider taking a box lunch to avoid delayed meals in the diners, and make up your mind to put up with certain inconveniences and crowded conditions.

**WHAT ABOUT VACATION TRAVEL?**

Vacations should be spread out over the year, not confined to summer months.

A vacation trip should be confined to one round trip only, starting and returning on Tuesday, Wednesday or Thursday.

Travel in chair cars whenever possible, and please carry only one piece of luggage.

"It is the Spirit that beareth witness, because the Spirit is truth." This statement from I John is the Golden Text in the Sunday Lesson-Sermon on "Truth" in all branches of The Mother Church The First Church of Christ, Scientist, in Boston.

A Lesson-Sermon passage from Luke relates that as Jesus taught in a synagogue on the sabbath he called to him "a woman which had a spirit of infirmity eighteen years... and could in no wise lift up herself... and said unto her, Woman thou art loosed from thine infirmity. And he laid his hands on her; and immediately she was made straight, and glorified God. And the ruler of the synagogue answered with indignation, because that Jesus had healed on the sabbath day? Jesus then said "Thou hypocrite... ought not this woman... whom Satan hath bound, lo, these eighteen years, be loosed from this bond on the sabbath day? ... and all the people rejoiced for all the glorious things that were done by him."

Mary Baker Eddy says in "Science and Health with Key to the Scriptures": "If sickness is true or the idea of truth, you cannot destroy sickness, and it would be absurd to try." "Sin, disease, and death have no foundations in Truth."
