Palos Verdes Golf Club Opening Set For Friday, Oct. 1

Formal opening of the Palos Verdes Golf club, under new management, has been tentatively set for Friday, Oct. 1, with a pro-amateur golf tourney to headline the program. Gomer Sims, greenskeeper at the course for more than 19 years, and Paul McNutt, a member of the course for over 17 years, have taken over management of both the golf club and clubhouse.

Remodeling and repair of the clubhouse will be completed within the next few days and many improvements started on the golf course. Funds are available for all types of work. Plans have been made to put the course in tip-top shape, the new managers said. Demands for the use of the clubhouse have increased greatly within the past few weeks, McNutt announced, and the program now makes reservations far in advance necessary. McNutt will be in direct charge of that part of the course while Sims will direct all activity connected with the golf course.

Women at Work for a Railroad at War

America needs millions of women to take over war jobs . . . to stay with those jobs . . . to help speed the day when our fighting men will return victorious!

Santa Fe women are answering this call all along the line.

Right now thousands of Santa Fe women are doing war-vital work to "keep 'em rolling." Many are pitching into "unglamorous" jobs . . . greasing engines, operating turntables, welding shovels, working in blacksmith shops, and cleaning roller bearings. They take pride in their work, too!

Many of these women have husbands, sweethearts, brothers or sons in the armed forces. Many came to work to replace a Santa Fe relative who had been called into service. Others took jobs because they knew womanpower must step in when manpower goes to war.

★ We of the Santa Fe salute these women who know that what they are doing is vital to Victory!
