ren,
Mr. Stevens came to Torrance
1922 with Mrs. Stevens to
take their home and he resided
ere up to the time of his denise. He formerly was engaged
the furniture business, but

Townsend Club No. 2

Fiddler Jack Rieh, with his aides, will supply the music at the meeting of the Townsend club No. 2 at the Men's Bible Class bldg., tenight, to which the public is invited.

A dance and cutting of a birthday cake will feature the program.

"This War Will Become Bigger and Tougher . . . **During the Long Months to Come"**

Franklin D. Roosevelt

Italy has fallen—but the war is not over and you know it! Think of Berlin and Tokyothink of the men dying at this moment.

Can we, you and I, afford to let them downto turn their battlefront victory into a homefront defeat? Let's buy more War Bonds than ever...let's back up their victory with oursthe success of the 3rd War Loan!

There are battles coming—tough, bloody, hard-to-win battles-before this war is over. And it's the last battle that counts. We've got to back up our fighting men . . . we've got to buy War Bonds with every dollar, every dime we can scrape up.

PRESIDENT ROOSEVELT said it, as Commanderin-Chief:

"I say that we Americans will not be satisfied to send our troops into the fire of

the enemy with equipment only equal to that of the enemy. We are determined to provide our troops with overpowering superiority of quality and quantity of arms and armaments..."

Our fighting men will do their job—it's up to you, personally, to keep their victories safe by buying War Bonds NOW with every dollar you can-not with what you'd ordinarily save or invest, but more-every bit more you can manage

World's Safest Investments

United States War Savings Bonds

YOU CAN HELP:

non-essential

The War Production Board has asked us to urge Ediion customers to avoid any use of electricity which is not necessary.

Present electric generating capacity, together with the capacity now under construction, is ample to meet all foreseeable electric needs. But it is essential to save the use of electricity wherever possible so as to reduce directly or indirectly the demands for materials, fuel, transportation and manpower.

As a wartime conservation measure-use only the electricity you need.

Now Is When It Counts
