### Pioneer Salvation Army Leader Passes Quietly At Residence In Lomita

**By FRANK H. VORE**

A familiar figure will be missing from Lomita's streets and business houses. A well-modulated, kindly voice has been stilled, the last earthly tributes have been paid to Rev. Thomas Eade, one of the original members of the now great Salvation Army, whose service and loyalty to God and humanity were never interrupted during a 63-year period.

Yes, Tom Eade is dead. With high officials of the Salvation Army standing with reverent

**THOMAS EADE**... original member of the Salvation Army and for 20 years a Lomita resident, whose funeral services were held on Saturday. Eade would have been 86 years of age on Nov. 15.

his flower-banked bier in Calvary church here Saturday afternoon. Rev. James Lynd, pastor of Calvary church; Col. George Wood, and Adj. C. L. Duncan of the Salvation Army, officiated, the Gamby mortuary was in charge and internment was in Roosevelt Memorial park.

Any one who was privileged to know this reverent, kindly, humble Christian gentleman could not stop with these more or less formal words to tell of his passing.

With all of his humbleness of spirit, his unassuming loyalty to the Christian cause he had served so long and faithfully, Eade was a man of intelligence and high character. He was born in London, England Nov. 15, 1857, and had almost reached his 86th milestone covering one of the most dramatic in the history of the world. Eade as a boy became interested in an earnest religious group in London when he was 12 years of age. The group was headed by a pioneer evangelist preacher, whose name was William Booth. Booth held meetings in the Whitechapel district of London and the group was known as the Christian Mission. A few months ago when Rev. Eade was awarded a certificate of merit for his long and faithful service, and was honored by his associates in the San Pedro headquarters of the Salvation Army, he sat in The News office and told the editor of those boyhood days.

He had been apprenticed to a boot and shoemaker and was learning the trade by hard work, but the youngster was a zealous believer in the Christian cause and Booth liked him. When the great founder of the "Army" was delivering his sermons little Tom Eade would stand by his side and hold

complaint had been that he was a little "tired."

**Sons in World War I**  
Right after the close of World War I in which his three sons served, Eade and his family moved to Alberta, Canada, and 20 years ago he moved to Lomita. Two years ago Eade and his wife, Effie, celebrated the 60th anniversary of their marriage. She had been the organist at the Christian Mission in London when Eade met her. Messages from all parts of the world came to the Eades who lived at 25224 Oak st., Lomita.

Beside his widow, Eade is survived by two sons, Charles Eade of Lomita and Rev. Thompson Eade of Los Angeles, a daughter, Mrs. Mabel Wilson, who lives in London, 12 grandchildren and seven great grand children. Lomita will miss Tom Eade. A good and faithful servant has been called to his reward, and his splendid record of Christian work and fine citizenship should be regarded by all who knew him as well worthy of emulation. He would like that.

### Fire Threatens Garage Building on Cota Ave.

A fire which threatened a garage in the rear of the home of R. T. Foltz, 917 Cota ave., Monday, shortly before 6 o'clock p. m., was the cause of an alarm sent to the Torrance fire station. The blaze was confined to a pile of palm tree limbs. No damage was reported other than scorching of paint on the side of the structure.

The fire is believed to have been started by sparks from a nearby incinerator, according to Chief John McMaster.

**Increase your Light**  
WITHOUT INCREASING COST OR USE OF ELECTRICITY

Good home lighting is so important in these busy war days that it deserves your fullest consideration. Proper illumination in your home protects eyesight... allows you and your family to see easily, without eyestrain and fatigue. You can get more good light from your present lighting equipment without using extra current. Here are two suggestions to help you:

Clean all reflectors, lamp bulbs and fixtures periodically. Dust and dirt can cut down their light by as much as 50%.

Arrange lamps and furniture so that each lamp can serve two or more people. Place portable lamps as close to furniture groupings as possible.
