

Army Map Service In Plea for Data On Foreign Lands

Residents of Torrance and Lomita today were urged to launch a collar-to-attic search for foreign maps, vitally needed by Uncle Sam's armed forces.

Cooperating with the Army Map Service, the Automobile Club of Southern California this week completed arrangements whereby the 50 district offices of the motoring organization will serve as collection depots for material located in the Southland.

Because of the greatly magnified scope of the war and its penetration into remote areas, a new urgency impels the search for foreign maps, Army Map Service leaders pointed out.

Sought as gifts or on loan basis are materials published by foreign governments or institutions on areas outside continental United States of the type indicated below:

Street plans, city maps, maps of towns; villages and harbor plans, topographical or geological maps (1:1,000,000 or larger), set maps, aerial photos, road maps, atlases, guide books, dictionaries, encyclopedias, lexicons, yearbooks and census reports.

To minimize unnecessary submissions, it is earnestly requested that account be taken also of what is not wanted by Army Map Service. This list comprises maps of the United States and British governments, National Geographic Society, domestic maps and small scale maps.

Trailer Camps Declared Factor In Spreading Child Delinquency

Crowded housing conditions throughout the state and in trailer camps are among the contributing causes of the wartime increase in juvenile delinquency, James H. Phillips, administrative officer of the California youth and authority, said today in making public a four-point "community program" for prevention of juvenile delinquency.

Phillips cited the case of a family living in a trailer in Vallejo where children were sent on alternate nights to all-night motion picture performances because they had no beds to sleep in.

The delinquency-prevention program was prepared by Heman Stark, chief of the authority's newly-organized division of delinquency prevention. It is being sent to city and county officials

ed that account be taken also of what is not wanted by Army Map Service. This list comprises maps of the United States and British governments, National Geographic Society, domestic maps and small scale maps.

Norman Davis Lauds War Chest Campaign

In reply to various inquiries with respect to the current National War Fund campaign, the following statement was made by Norman H. Davis, chairman of the American Red Cross:

"The American Red Cross and the National and Community War Funds carry on separate drives and independent activities, but they supplement each other and are united in the will to serve in accordance with the decision of the President's War Relief Control Board.

"The Red Cross will conduct its 1944 War Fund next March, while the National War Fund campaign is being held this month. The Red Cross wishes the National War Fund leaders every success in their appeal."

DINNER PARTY IS GIVEN
Mr. and Mrs. W. A. Beecher entertained at dinner Friday evening for Mr. and Mrs. Frank Gillies, visitors from Hensel, N. D. and Mr. and Mrs. Henry Grubb.

IN LOS ANGELES
Mrs. May McKinley spent the weekend as a guest of her brother-in-law and sister, Mr. and Mrs. W. Fred Bowen of Los Angeles.

Measuring Up

The average height and weight of the WAC, according to a recent survey by the War Relocation Authority, Chinese WACs are a little less hefty and not so tall, and our standards will have to be made to fit their standards.

TO MAKE HOME HERE
Recent houseguests of Mr. and Mrs. E. M. Ashton were Mr. and Mrs. C. T. Mitchell and Darlene who arrived here from Mt. Pleasant, Ohio, to make their home.

Million County Tax Statements Mailed by Collector H. L. Byram

The office of H. L. Byram, Los Angeles county tax collector, this week had mailed to taxpayers of Torrance and Lemita their share of a million tax bills for the current fiscal year, which is the major portion of 1,600,000 tax bills that have been written this

taxes must be paid with the first installment of the real estate tax.

"I realize that many real estate owners have been confused through receiving two bills instead of one, but I hope that with this explanation they will

According to Byram the number of tax statements prepared has increased more than 300,000 this year due to the separate billing of personal property

"The change in billing procedure was made in an endeavor to simplify the extension of the tax rolls which is now done by a mechanized process.

"The combination of personal property taxes and real estate taxes on one statement have always presented a problem from an accounting standpoint as the two items do not take the same total tax rates and in splitting the total tax between first and second installments the law requires that personal property taxes must be paid with the first installment of the real estate tax.

"I realize that many real estate owners have been confused through receiving two bills in-
