Army Jeeps Fitted With Railroad Wheels

Army Jeeps equipped with railroad wheels can haul loads of supplies along the tracks, thus saving locomotives. The U. S. Army is attempting to use all jeeps for this purpose in Australia.

Westover Gives Withholding Tax Warning

Harry Westover, collector of internal revenue, whose headquarters are in Los Angeles said this week that one of the most important problems confronting his department in administering the withholding provisions of the Tax Payment Act concerns the duplicate copies of statements of income and victory tax on wages during 1943. These are required to be supplied before Jan. 31, 1943.

Westover warned employees that employees must be given proper credits for the amounts withheld from their wages and it is mandatory that the duplicate statements be filed with the withholding return (Form W-1) for the December quarter. This should be done at the earliest possible date after Dec. 31, and in no case later than Jan. 31, 1944, which is the final date for filing the withholding returns as fixed by law and regulations, it was stated.

"In many cases the operation of the new law will result in withholding from wages a greater amount of tax than will actually prove to be due upon the basis of the employee's final income tax return. The law requires that such overpayments shall be refunded immediately and preparations have been made by the Bureau of Internal Revenue to do this. Of course, the prompt receipt in this office of the duplicate copies of the statements furnished to employees is essential to the accomplishment of this task," Westover emphasized.

"You are therefore, urged to give this matter your immediate consideration with a view to making whatever arrangements may be necessary to insure the earliest possible submission of your withholding return for the December quarter, accompanied by the duplicate statements referred to," he concluded.

Riley's Report Reveals State's Finance Status

State Controller Harry B. Riley has announced that the state's general fund cash excess over current obligations was \$103,141,490 at the end of October, 1943, as compared with an excess of \$99,165,545 at the end of the preceding month and an excess of \$60,075,972 on Oct. 31, 1942.

General fund revenues deposited in the state treasury during the first four months of the present fiscal year ended Oct. 31, 1943, totaled \$85,841,277, a decrease of \$1,548,510, or 1.77 per cent under those of the same period last year.

A major decrease in revenue occurred in the retail sales and use tax, which decreased \$11,618,980 under the same period last year. This decrease, said Riley, was due in part to the legislative cut in tax rate from 3 to 2 1/2 per cent, effective July 1, 1943, and in part to earmarking by the 1943 legislature of 20 per cent of this revenue for a reserve for post-war construction projects. This and other minor decreases were offset by increases in other revenues, resulting in a net total decrease of

Disaster Facility to Keep OCD Intact

An ordinance creating the County Major Disaster Facility was ordered prepared by the Board of Supervisors Tuesday, as a means of preserving the cream of present civilian defense personnel and equipment for post-war needs, according to Supervisor Oscar Hauge.

ON BUSINESS TRIP

Charles H. Hutcherson of 1921 222nd st., is spending several weeks in Dallas, Texas in the interests of North American Aviation Co.

only \$1,548,510 from all sources. General fund expenditures during the first four months of the present fiscal year, totaled \$67,150,221, an increase of \$25,508,377 over the corresponding period last year. The major portion of this increase, however, said Riley, was caused by the transfer to the highway fund of \$13,500,000 appropriated by 1943 legislation for surveys and rights-of-way for post-war construction projects. Another major increase, totaling \$9,088,107, occurred in the cost of aid to aged. This increase, said Riley, is due almost entirely to the increased proportion of this aid which is borne by the state as a result of 1943 legislation.

Fifty-Nine More In Elementary School

During the past four weeks 59 new pupils have been enrolled at Torrance Elementary. Thirty-three of these pupils transferred here from other California schools. The remaining 26 represent 13 states. The states represented by five or more pupils are Missouri, Oklahoma and Michigan.

OVERNIGHT GUESTS

Recent overnight guests of Mr. and Mrs. L. G. Finlayson were their son and daughter-in-law, Mr. and Mrs. Tom Neely of San Diego.
