**This wartime Holiday Season we advise you**

**NOT to "try the train"**

"We're pulling the heaviest loads in history, using every locomotive our railroad owns or can borrow. We're short of trained men, too. To avoid disappointment, better plan on spending Christmas at home."  
S. P. Engineer

In normal years the Christmas season is a jolly time on the railroad. Package-laden travelers bound for family reunions fill our trains.

We railroaders have fun carrying people on holiday journeys, and we hate to disappoint a single ticket seeker... but this war year we really have no room for pleasure travelers.

Service men on holiday furloughs, relatives traveling to meet them, military personnel in organized groups, business men in war work—these people now have first call on our facilities.

This means that, unless you must travel, you'll be wise NOT to try the train. We hope there'll come a Christmas soon when our message can be different!
