THE TRADER SAYS:

Reason there hasn't been any gab from us is because we were mad. Reason is that everybody got their names in the paper and told us you and me, what was going to happen in "4" and right on the front page. But nobody asked us even on the back page and we think we have a right to predict too; so first we thought, well we won't talk, and then they'll suffer. But now so many folks ring us up, write to us and come in and ask us what we predict, that we are giving in and predicting—so cut this out and paste it on the bottom of your waste-basket:— We predict—1944 will be only one day longer than 1943 but it'll seem a lot longer; the sun will rise in the East in the morning and set in the West in the evening; (2) How to win the war, (3) How much they'll pay for things back in '39, (4) What's wrong with the government, (5) How to win the war, (6) When the war will be over, (7) How to cure a cold, (8) How much they'll pay for things back in '39, (9) What's a Democrat—a Republican, (10) How long it took to get their laundry back, (11) How long it took to get their money back, (12) How long it took to get their clothes back, (13) How long it took to get their shoes back, (14) How long it took to get their hats back, (15) How long it took to get their coats back, (16) How long it took to get their suits back, (17) How long it took to get their ties back, (18) How long it took to get their socks back, (19) How long it took to get their underwear back, (20) How long it took to get their shoes back, (21) How long it took to get their hats back, (22) How long it took to get their coats back, (23) How long it took to get their suits back, (24) How long it took to get their ties back, (25) How long it took to get their socks back, (26) How long it took to get their underwear back, (27) How long it took to get their shoes back, (28) How long it took to get their hats back, (29) How long it took to get their coats back, (30) How long it took to get their suits back, (31) How long it took to get their ties back, (32) How long it took to get their socks back, (33) How long it took to get their underwear back, (34) How long it took to get their shoes back, (35) How long it took to get their hats back, (36) How long it took to get their coats back, (37) How long it took to get their suits back, (38) How long it took to get their ties back, (39) How long it took to get their socks back, (40) How long it took to get their underwear back, (41) How long it took to get their shoes back, (42) How long it took to get their hats back, (43) How long it took to get their coats back, (44) How long it took to get their suits back, (45) How long it took to get their ties back, (46) How long it took to get their socks back, (47) How long it took to get their underwear back, (48) How long it took to get their shoes back, (49) How long it took to get their hats back, (50) How long it took to get their coats back, (51) How long it took to get their suits back, (52) How long it took to get their ties back, (53) How long it took to get their socks back, (54) How long it took to get their underwear back, (55) How long it took to get their shoes back, (56) How long it took to get their hats back, (57) How long it took to get their coats back, (58) How long it took to get their suits back, (59) How long it took to get their ties back, (60) How long it took to get their socks back, (61) How long it took to get their underwear back, (62) How long it took to get their shoes back, (63) How long it took to get their hats back, (64) How long it took to get their coats back, (65) How long it took to get their suits back, (66) How long it took to get their ties back, (67) How long it took to get their socks back, (68) How long it took to get their underwear back, (69) How long it took to get their shoes back, (70) How long it took to get their hats back, (71) How long it took to get their coats back, (72) How long it took to get their suits back, (73) How long it took to get their ties back, (74) How long it took to get their socks back, (75) How long it took to get their underwear back, (76) How long it took to get their shoes back, (77) How long it took to get their hats back, (78) How long it took to get their coats back, (79) How long it took to get their suits back, (80) How long it took to get their ties back, (81) How long it took to get their socks back, (82) How long it took to get their underwear back, (83) How long it took to get their shoes back, (84) How long it took to get their hats back, (85) How long it took to get their coats back, (86) How long it took to get their suits back, (87) How long it took to get their ties back, (88) How long it took to get their socks back, (89) How long it took to get their underwear back, (90) How long it took to get their shoes back, (91) How long it took to get their hats back, (92) How long it took to get their coats back, (93) How long it took to get their suits back, (94) How long it took to get their ties back, (95) How long it took to get their socks back, (96) How long it took to get their underwear back, (97) How long it took to get their shoes back, (98) How long it took to get their hats back, (99) How long it took to get their coats back, (100) How long it took to get their suits back.

Board Requests Aid For Soldier Shelters

A resolution has been adopted by the Board of Supervisors urging service clubs, veterans' posts and war agencies of the county to aid in financing shelters for soldiers at intersections recommended by the county and with specifications to be furnished by the county. Supervisor Hauge reports that the county had previously undertaken to do this work, but the War Production Board refused priorities for materials and the state refused to pay half the cost. The county is accordingly requesting private financing for material.
