Ray Promoted to 2nd Lieutenant in State Guard

Charles C. Ray, well known Lomita businessman, this week was promoted from first sergeant and commissioned a second lieutenant of Company H, 2nd Battalion, 39th Infantry Regiment, California State Guard, according to an announcement of the adjutant general's office at Sacramento.

Ray is well known in this area and has been very active in the local state guard organization almost from its inception. Last Sunday officers and enlisted men attached to Company H participated in a competition at the L. A. Army station in Exposition Park. The event was held in connection with the Fourth War Loan drive and according to authentic information, the company made a fine showing in the drills when pitted against some of the best trained organizations in the county.

DECORATED... Lieut. Charles C. Boyer, son of Mr. and Mrs. A. E. Loe of 1919 262nd st., Lomita, who was personally presented with the Distinguished Service Cross by Gen. Dwight E. Eisenhower.

Lt. Charles C. Boyer, 1919 262nd st., Lomita, on whom Gen. Dwight Eisenhower personally pinned a Distinguished Service Cross for his exploits with the A.A.F. over France, during one of which a part of his plane was shot away but he managed to return to his formation and reach his home base in safety, wears other medals for daring on previous missions over enemy country.

These are the Army Air Medal and the Oak Leaf Cluster for "meritorious achievement." Lt. Boyer gained wide publicity several months ago for his skillful piloting of his ship, which he had named "Oil Tail End Charlie," with the picture of a kicking mule painted on the fuselage. His previous decoration was last Aug. 2 by Brig. Gen. Frederick Anderson. Boyer has completed 25 successful missions.

G. A. A. Installs New Officers at Torrance Hi School

The Girls' Athletic Association of Torrance High school recently gave their annual banquet, which included installation of new officers and official recognition of the initiation of two new G.A.A. members. Those who were given G.A.A. membership cards at the banquet were: Frances Barrington, Beverly Traub, Virginia Moore, Mary Ellen Crawford, Betty Kaslen, Lois Severin, Barbara Spangler, Joanne Loper, Ella Crawford, Geraldine Farva, Barbara Tossas, Leone Van Kralingen, Myrna Fossum, Evogene Held, Mary Olive Jones, Vivian Oliver, Dorothy O'Brien, Jeanette Probert and Doris Quaglin.

The outgoing members that have served with the G.A.A. since September were: President, Lucy Rose; vice president, Marjorie Chambers; secretary, Bernice Cline; treasurer, Norma Levy; reporter-historian, Jean Clark; head of basketball, Doris Robinette; head of individual sports, Grace Hjerpe, and yell leaders, Elsa Stanley and Jane Ritchie.

The newly elected members of G.A.A. who have taken over their offices are: President, Marjorie Chambers; vice president, Bernice Cline; secretary, Carolyn Mitchell; treasurer, Jean Clark; reporter-historian, Dorothy Sandstrom; head of basketball, Elsa Stanley; head of baseball, Betty Fiesel, and yell leaders, Shirley Justice and Lucille Smith.

In an era of jeeps, tanks and big transport trucks, Maj. Robert P. Kunnecke, port veterinarian of the Los Angeles Port of Embarkation, says that the corps inspects some 16,000-000 pounds of animal food products every day in the United States alone.

A sanitary inspection is made of all ships carrying Army personnel, including the smallest boats, to insure clean storage space and proper temperatures for perishable ship stores. Products put aboard are inspected also to assure that they are fit for human consumption and are from approved sources.

All foods consumed by port personnel are likewise inspected. Thus, Veterinary Corps inspection protects the health of troops against diseases transmitted through spoiled, damaged or contaminated foodstuffs; protects the financial interests of the government by determining that the quality of the product complies with contract requirements, and prevents shipment overseas of food that will not arrive in edible condition.

GAS PIPE LINE
Pending formal application of a franchise, the Torrance city council has granted a permit to the National Supply Company to begin excavation for a private gas supply line between 222nd and 227th sts. along Ferro Caril, a narrow railway right of way on company property.

Capt. Robert L. Lewellen was in charge. Company H was recently issued new 30 caliber rifles and additional ordnance by the war department.

Lt. Ray advises that there is yet room in the company for more recruits. He requests any person interested in enlisting and doing patriotic service to their state and country without interfering with their present job to contact Bruce R. Clements, recruiting sergeant, on Tuesday evenings from 7:30 to 10 o'clock, or on Sundays between 9:30 a.m. and noon, Torrance Municipal Park.

HIGH SCHOOL P.T.A. TO MEET MONDAY

Health of Troops Guarded by Army Veterinary Corps

Safeguarding the health of troops by careful inspection of all their food that is of animal origin is one of the major functions of the Army Veterinary Corps.

This accounts for the large size of the corps, with its thousands of officers and enlisted men, and thousands of animals.
